CORPORATE Profile

Founded in 1953, Far East Group is one of the pioneers in the refrigeration and air-conditioning business in Singapore and a leading regional distributor of commercial and light industrial refrigeration systems and products with more than 68 years of experience in the Heating, Ventilation, Airconditioning and Refrigeration (“**HVAC&R**”) industry in Southeast Asia (“**SEA**”) and the People’s Republic of China (the “**PRC**”). In 2011, the Group was listed on the Catalist Board of the Singapore Exchange.

Headquartered in Singapore with approximately 400 employees globally, the Group has subsidiaries in Singapore, Malaysia, Indonesia, Vietnam, Myanmar, Hong Kong and China. Other than our physical presence in SEA and the PRC, the Group also works with distributors and dealers in countries including Malaysia, Indonesia, Vietnam, Thailand, Myanmar, the Philippines, Mauritius, Sri Lanka, Turkey and Australia.

The Group is a comprehensive provider of refrigeration and air-conditioning systems, products and services to various industries including but not limited to Commercial & Retail, F&B, Supermarkets, Cold-Storages, Warehouse and Logistics, Hospitality, Healthcare, Oil, Marine and Gas, etc. Our manufacturing facilities for heat-exchangers and condensing units are based in the PRC and certain condensing units are built in Singapore. These heat-exchangers and condensing units are exported to various parts of SEA and the PRC. We are also in the distribution of air-conditioning products and contracting and installation of air-conditioning systems in Singapore.

As a major **Wholesaler and Distributor** regionally, we represent multiple international renowned brands of products such as Bitzer, Danfoss, Schneider-Eliwell, Emerson, etc., for the refrigeration and air conditioning market. We provide end-to-end solutions offering a full suite of services ranging from consultation, engineering design, equipment supplies, commissioning and aftersales support. Our long-standing and good relationship with our partners ensures genuine and quality products are readily available through our distribution network.

Our **Manufacturing** arm has also established itself as one of China’s leading providers of a comprehensive range of quality energy-efficient heat-exchangers, compressor rack systems and condensing units under our own brands “Eden” and “ELITE”.

Eden products are manufactured by Eden Refrigeration Manufacturing (Jiangsu) Co., Ltd. (ISO9001:2015) which produces international standard heat exchangers using the latest design and heat transfer technology in manufacturing a wide range of unit coolers, brine coolers, condensers and custom coils for Commercial, Industrial and Marine applications. All unit coolers and air-cooled condensers are Conformité Européenne (CE) certified and in compliance with the listed European Directives BS EN 60204-1:2006+A1:2009 on safety guidance on machinery.

ELITE’s compressor rack systems, outdoor packaged refrigeration units and condensing units are designed according to standards widely used in low-temperature storage, food processing, slaughtering processing, chemical, agricultural products processing, cold chain logistics, hospitals, supermarkets and other fields.

Our **Engineering & Solutions** arm provides sound engineering solutions in our system designs to meet customer needs and requirements; and knowing that every engineering challenge has an ultimate solution drives us forward towards excellence.

M-Tech Air-Con & Security Engineering Pte Ltd (“**M-Tech**”), established since 1993 in Singapore, is an Air-Conditioning and Mechanical Ventilation (“**ACMV**”) service provider for residential and commercial buildings, with vast experience and technical expertise in the design, supply and install of ACMV and electrical systems.

M-Tech is a registered contractor with the Building and Construction Authority of Singapore (BCA) certified with Air-conditioning, Refrigeration & Ventilation Works (ME01–L5), Communication & Security Systems (ME04–L1) and Electrical Engineering (ME05–L1).

RSP Systems Pte. Ltd. in Singapore is the System Integration arm of Far East Group, specialising in providing a host of monitoring systems ranging from temperature monitoring, energy & resource monitoring, alarms management & asset management system tools; incorporating Internet of Things (IoT) devices from Eliwell, Schneider Electric and other third-party devices. These systems allow for quick deployment, full system management control and data analytics for troubleshooting and improving efficiency of any refrigeration of HVAC&R system.

In 2018, the Group relocated its regional headquarters to 51 Ubi Avenue 3, Singapore 408858 which also operates as the regional distribution centre.

Sustainability considerations have always been rooted in the values of Far East Group and are key to our long-term business strategy and we appreciate the opportunity to present our achievements and ambitions. The Group aims to work with our suppliers and customers towards the phasing out of harmful gases and development of energy efficient products which are the two areas that can yield mutual benefit to both our business and society at large. At the same time, we recognise that our people are key drivers for our success and we place great emphasis on nurturing them by enhancing their training and development and taking care of their health and safety. It is our responsibility to exceed expectations of our stakeholders in the market and we strive to do so by delivering high quality and safe products, maintaining financial stability and tackling the risk of cybersecurity through robust policies and measures.

CEO's Message

DEAR SHAREHOLDERS,

On behalf of the Board of Directors (“**Board**” or “**Directors**”), I am pleased to present to you the annual report of Far East Group Limited (“**Far East Group**” or the “**Group**”) for the financial year ended 31 December (“**FY**”) 2021.

FY2021 was a year where the Group set its target to recover from the setbacks faced in 2020 due to the COVID-19 pandemic, having experienced the various challenges of lockdowns in different countries, safe distancing management measures imposed and not being able to travel and be close to our customers. I am proud to say that with the diligence and support of the staff, we managed to overcome the challenges to post a profitable FY2021. This turnaround was not easy. The Group had to cope with price increases from our suppliers for our agency products and also sharp increases in the costs of raw materials and labour across all segments and regions that the Group operates in. Coupled with the steep escalation of freight and logistics costs, the margins of the Group were impacted. This left us with little choice but to also raise the prices of some of our products. However, certain increases in the costs cannot be fully transferred to customers, such as those where terms have been committed before the cost escalations.

By communicating more frequently with our customers, our Wholesale and Distribution business managed to turn around with an increase in sales of approximately 26%, even surpassing our performance in FY2019. However, the margins for the Wholesale and Distribution business will continue to face pressure from the steep increase in costs from the supply chain and from competition via lower prices. The Group's Manufacturing business also recovered strongly in FY2021 to record an approximate 53% improvement in performance as compared with FY2020. The strong demand in China fuelled the marked improvement, together with the push out of the Group's “Eden” and “ELITE” brands of heat exchangers and condensing units respectively in the region. Similar to the Wholesale and Distribution business, the escalating prices of raw materials and uncertain logistic and delivery schedules may impact the growth of this segment. Lastly, the Group's Engineering & Solutions business recovered strongly with a growth of approximately 119% compared the year before. This is largely due to the reopening of job sites where work on-site can be performed. The main focus was to catch up on projects that have been stalled due to the various restrictions imposed as well as to secure new projects. Unfortunately, the shortage of labour supply still poses as a dampener for this segment as the businesses in this segment have to operate on tight labour resources.

In FY2021, the Group subscribed for a 20% shareholding in Comfresh Group Holdings Pty Ltd (“**Comfresh**”). This is part

of the Group's corporate strategy to diversify its income base and reduce its reliance on its existing business, diversify its business risks and enhance shareholder value. The Group believes its investment in Comfresh's business of distribution and farming of fresh produce would allow the Group to provide consultancy on HVAC&R solutions for operating the farm in a controlled environment and maximise efficiencies in cold storage, processing and distribution of fresh produce. While being complementary to the Group's existing HVAC&R business, it also allows the Group to diversify into another new and sustainable area of business with growing revenue streams.

As the various governments learn to live with the COVID-19 virus and progressively open up and re-establish international travel, the Group hopes to build on its strengths and continue the growth established in FY2021. However, the current Russia-Ukraine conflict has significantly altered the economics. Energy costs have increased significantly around the world, and this will have an impact on the costs of operations and may adversely impact the Group's performance. The Group also does not expect the same robust growth from China to continue, and thus holding more buffer inventory for raw materials and agency products may be necessary.

Nevertheless, the Group continues to focus on cost management in this time of uncertainty and rising prices. The Group's cash flow generated from operating activities

continues to remain positive and the continued improvement in FY2021 as compared with FY2020 demonstrates the efforts the Group had put in to generate the positive cash flow. The Group will continue to upgrade its manufacturing capabilities with new equipment and automation to increase efficiency. The Group will also continue to look for opportunities to diversify and spread the risks amongst the various businesses through mergers and acquisitions and add value to shareholders.

Operations and Financial Review

The Group’s revenue improved by S\$28.5 million or 52.3% to S\$83.1 million in FY2021 from S\$54.6 million in FY2020, mainly due to the recovery of all business segments.

The commercial and light industrial (refrigeration) segment remains our largest revenue contributor, accounting for 64.7% of our FY2021 top line. The residential and commercial (air-conditioning) segment accounted for 34.0% of total revenue, while the oil, marine and gas (refrigeration and air-conditioning) segment accounted for the remaining 1.3%.

Gross profit increased by S\$7.0 million or 70.1% to S\$16.9 million in FY2021 from S\$9.9 million in FY2020, with gross profit margin increasing by 2.1 percentage points to 20.3% from 18.2% over the comparative period.

The Group generated S\$12.9 million net cash flows from operating activities. Net cash flows used in investing activities

of S\$3.6 million were mainly expended on the investment in associates and purchase of fixed assets. The Group used S\$10.1 million net cash flows in financing activities, repaying loans and trade facilities as well as dividends to shareholders. Cash and cash equivalents decreased from S\$7.6 million as at FY2020 to S\$6.8 million as at FY2021.

The Group reported a net loss attributable to shareholders of S\$32,000 in FY2021, compared to a loss of S\$7.2 million in FY2020. Loss per share stood at 0.03 cents in FY2021 compared to a loss per share of 6.44 cents in FY2020 while net asset value per share increased to 40.3 cents as at FY2021 from 38.8 cents the year before.

Dividend

The Company has recommended a final (tax exempt one-tier) dividend of 0.18 cents per ordinary share for FY2021, subject to the shareholders’ approval at the forthcoming Annual General Meeting.

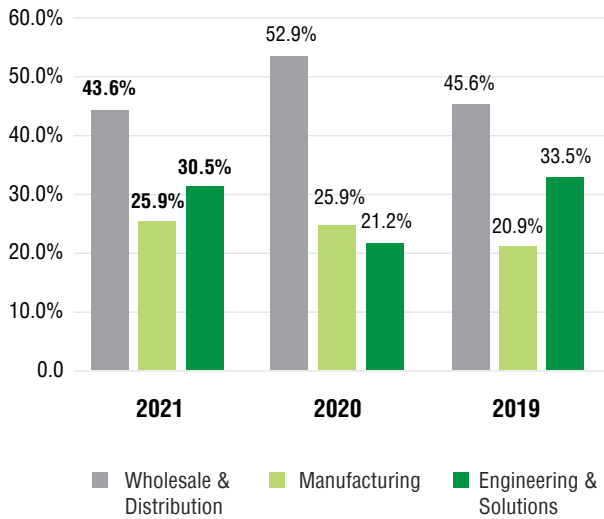

Appreciation

On behalf of my fellow Directors, I would also like to thank all shareholders, customers and business partners for your continued support and trust. I also extend my sincere appreciation to our management and staff for their hard work and dedication to the Company and in pulling through this pandemic together as one cohesive unit.

CORPORATE Governance Report

The Board of Directors (the “**Board**” or “**Directors**”) of Far East Group Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) recognises the importance of and is committed to maintaining a high standard of corporate governance. Good corporate governance provides the framework for an ethical and accountable corporate environment, which will protect the interests of the Company’s shareholders and promote investor confidence.

This report outlines the Group’s corporate governance practices and structures that were in place for the financial year ended 31 December 2021 (“**FY2021**”), with specific reference made to each of the principles and the provisions of the Code of Corporate Governance 2018 (the “**Code**”). Pursuant to Rule 710 of the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) (“**Catalist Rules**”), the Board confirms that the Company has complied with the principles of the Code for FY2021 and in respect of any deviation from provisions of the Code, appropriate disclosures and explanations are provided in this report in accordance to the requirements of the Catalist Rules.

BOARD MATTERS

The Board’s Conduct of Affairs

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Provision 1.1: Directors are fiduciaries who act objectively in the best interests of the company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

The Board is entrusted with the responsibility for the overall management of the business and corporate affairs of the Group. It focuses on strategies and policies, with particular attention paid to growth and financial performance. The Board works with the management of the Company (the “**Management**”) to achieve this and the Management remains accountable to the Board.

The primary function of the Board, apart from its statutory duties, includes:

- Guide the formulation of the Group’s overall long-term strategic objectives and directions, corporate strategy and objectives as well as business plans, taking into consideration sustainability issues;
- Oversee and review the management of the Group’s business affairs and financial controls, performance and resource allocation, including ensuring that the required financial and human resources are available for the Group to meet its objectives;
- Establish a framework of prudent and effective controls to assess and manage risks and safeguard shareholders’ interests and the Group’s assets;
- Review the Management’s performance;
- Set the Group’s approach to corporate governance, including establishment of ethical values and standards; and
- Balance the demands of the business with those of the Company’s stakeholders and ensure that obligations to shareholders and other stakeholders are met.

The Company has an established Code of Conduct which are updated accordingly that sets out the principles of business ethics and conduct for the Group and covers significant areas including appropriate business conduct and ethics, safeguarding of confidentiality information and prohibition on insider trading, anti-bribery, corruption and fraud measures, and conflicts of interest and non-competition. All employees of the Group are to uphold these principles and conduct themselves with high standards of integrity that are in compliance with laws and regulations of the jurisdictions in which it operates.

All Directors exercise due diligence and independent judgement, and are obliged to act in good faith and consider at all times, the interests of the Company. When an actual, potential and perceived conflict of interest arises, the concerned Director must disclose such interest, recuse himself from discussions and decisions involving the matter, and abstain from voting on resolutions regarding the matter.

CORPORATE Governance Report

Provision 1.2: Directors understand the company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the company's expense. The induction, training and development provided to new and existing directors are disclosed in the company's annual report.

The Executive Directors are appointed by way of service agreements while the Non-Executive Directors are appointed by way of letters of appointment. The duties and responsibilities of Directors are clearly set out in these service agreements and letters of appointment.

The Board ensures that newly-appointed Directors are orientated on the Group's business strategies, operations and governance practices to facilitate the effective discharge of their duties. For newly-appointed Directors who do not have prior experience as a director of a public listed company in Singapore, they will attend training courses organised by the Singapore Institute of Directors within one year from their appointment dates and other training institutions in areas such as accounting, legal and industry-specific knowledge, where appropriate, in connection with their duties.

Existing Directors are provided with an insight into the Group's operational facilities and periodically meet with the Management to gain a better understanding of the Group's business operations. The Board as a whole is updated on risk management and the key changes in the relevant regulatory which have an important bearing on the Company and the Directors' obligations to the Company.

The Company is responsible for arranging and funding the training of Directors. Board members have been and will be encouraged to attend seminars and receive training to improve themselves in the discharge of their duties as Directors. The Company works closely with its professional advisors to provide its Directors with updates on changes to relevant laws, regulations and accounting standards. During FY2021, Directors were provided with briefings and updates on: (i) the developments in financial reporting and governance standards by the external auditors, Ernst & Young LLP; (ii) changes in the relevant laws and regulations pertaining to the Group's business and changing commercial risks and business conditions of the Group by the Management during Board and/or Board Committee meetings; and (iii) updates to the Catalyst Rules and regulatory guidelines by the Company's sponsor, SAC Capital Private Limited, and the Company Secretaries.

Provision 1.3: The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the company's annual report.

The Group has adopted internal guidelines for the Management, setting forth matters that require the Board's approval. Matters which are reserved for the Board's decision, include, *inter alia*:

- Corporate strategies and business plans;
- Investment and divestment proposals;
- Material acquisitions and disposals of assets;
- Funding decisions of the Group;
- Appointment or removal of Directors, Executive Officers and Company Secretaries;
- Annual budgets, interim and full-year results announcements, the annual reports and financial statements;
- Recommendation/declaration of dividends;
- Interested person transactions;
- Identification of the key stakeholder groups and recognition that their perceptions affect the Company's reputation; and
- All matters of strategic importance.

CORPORATE Governance Report

Provision 1.4: Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the company's annual report.

The Board has delegated certain matters to specialised committees of the Board (the “**Board Committees**”). These committees include the Audit Committee (“**AC**”), the Nominating Committee (“**NC**”) and the Remuneration Committee (“**RC**”), all of which operate within clearly defined and written terms of reference and functional procedures, which are reviewed on a regular basis and can be found in the subsequent sections of this report. They assist the Board in carrying out and discharging its duties and responsibilities efficiently and effectively. The Board acknowledges that while the Board Committees have the authority to examine particular issues and report back to the Board with their decisions and recommendations, the ultimate responsibility on all matters lies with the Board.

More details on each of the Board Committees, including the names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions and a summary of their activities, are set out in the subsequent sections of this report.

Provision 1.5: Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each company.

The Board meets regularly with at least two (2) scheduled meetings held within each financial year. Where necessary, additional meetings may be held to address significant transactions or issues. The constitution of the Company (the “**Constitution**”) also provides for telephonic and video-conference meetings. Important matters concerning the Group or informal discussions on matters requiring urgent attention can also be put to the Board and Board Committees formally for decision by way of written resolutions.

The number of Board and Board Committee meetings held and attended by each Board member for FY2021 is set out as follows:

	Board	Board Committees			General Meetings
		Audit	Nominating	Remuneration	Annual
Number of meetings held	4	2	1	1	1
		Number of meetings attended			
Ms Loh Pui Lai	4	2*	1*	1*	1

CORPORATE Governance Report

While the Board considers Directors' attendance at Board meetings as important, it should not be the only criterion to measure their contributions. The Board also takes into account the contributions by Board members in other forms, including periodic reviews and the provision of guidance and advice on various matters relating to the Group.

When a Director has multiple board representations, the NC considers if the Director is able to and has adequately carried out his duties as a Director, taking into consideration the Director's number of listed company board representations and other principal commitments. The Board and the NC have established a guideline on the maximum number of listed company directorships and other principal commitments that each Director is allowed to hold and this guideline can be found under Provision 4.5 below.

Provision 1.6: Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

The Directors are provided with complete, adequate and timely information prior to Board and Board Committee meetings to ensure that the Directors have adequate time to review the same and request further explanations, where necessary. Each member of the Board has complete access to such information regarding the Group as may be required for the discharge of his duties and responsibilities.

Prior to each Board meeting, the Directors are provided with the relevant documents and information in advance, including background and explanatory statements, financial statements, budgets, forecasts and progress reports of the Group's business operations, in order for the Directors to be adequately prepared for the meetings and to comprehensively understand the issues to be deliberated upon and make informed decisions thereon. In respect of the annual budget of the Group, material variance between budgeted results and actual results will be disclosed and explained by the Management at Board meetings.

The Management also informs the Board of all significant events as and when they occur and circulate Board papers and supporting information on significant transactions or corporate actions to facilitate a robust discussion before the transactions are entered into or the corporate actions are commenced. Management personnel, if required, attends Board and/or Board Committee meetings to address queries from the Directors. The Directors also have unrestricted access to the Management. Requests for the Company's information by the Board are dealt with promptly.

Provision 1.7: Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the company's expense. The appointment and removal of the company secretary is a decision of the Board as a whole.

The Directors have separate and independent access to the to the Management, the Company Secretaries and the external auditors at all times. Queries by individual Directors on the Company's developments, management proposals or papers are directed to and answered by the Management.

At least one of the Company Secretaries attends Board and Board Committee meetings and ensures that Board procedures and the provisions of the Companies Act 1967 (the "**Companies Act**"), the Constitution and the Catalist Rules are followed. The Company Secretaries also ensure good information flows within the Board and the Board Committees and between the Management and Non-Executive Directors, and also assist with the circulation of Board papers and the updating of the Directors on changes in laws and regulations relevant to the Group. The appointment and removal of the Company Secretaries are subject to the Board's approval.

In addition, the Directors, either individually or as a group, are provided with direct access to the Group's independent professional advisors, to seek separate independent professional advice on the Company's affairs or in respect of his fiduciary or other duties, where necessary. Each Director (whether as an individual member or as a group) has the right to seek independent legal and other professional advice at the expense of the Company, in relation to matters concerning any aspect of the Group's operations or undertakings in order to fulfil his duties and responsibilities as a Director.

CORPORATE Governance Report

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Provision 2.1: An “independent” director is one who is independent in conduct, character and judgement, and has no relationship with the company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director’s independent business judgement in the best interests of the company.

As at the date of this report, the Board comprised six (6) members, consisting of two (2) Executive Directors, one (1) Non-Executive Director and three (3) Independent Directors as follows:

Ms Loh Pui Lai	Non-Executive Chairman
Mr Loh Mun Yew	Chief Executive Officer (“ CEO ”) and Executive Director
Mr Leng Chee Keong	Chief Operating Officer (“ COO ”) and Executive Director
Mr Ho Boon Chuan Wilson	Lead Independent Director
Mr Mak Yen-Chen Andrew	Independent Director
Mr Tan Hwee Kiong	Independent Director

The Independent Directors have confirmed that they do not have any relationship with the Company or its related corporations or its officers or its substantial shareholders that could interfere, or be reasonably perceived to interfere, with the exercise of their independent business judgement with a view to the best interests of the Company. The Board, taking into account the views of the NC, has determined that Mr Ho Boon Chuan Wilson, Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong are independent in character and judgement, and that there are no relationships or circumstances which are likely to affect, or could appear to affect, their judgement. The independence of each Director is reviewed annually and as and when circumstances required by the NC based on the guidelines set forth in the Code and the Catalyst Rules.

Pursuant to Rule 406(3)(d)(iii) of the Catalyst Rules, a director who has served on the board for a cumulative period of nine (9) years from the date of his first appointment will no longer be eligible to be designated as an independent director unless a resolution from shareholders present and voting at the general meeting is sought, and approved in separate resolutions by (a) all shareholders; and (b) shareholders excluding the directors, chief executive officer, and their associates (“**Two-Tier Vote**”). The aforesaid rule came into effect on 1 January 2022. On the same note, SGX-ST has stated that to ensure that the independence designation of a director who has served for more than nine (9) years as at and from 1 January 2022 is not affected, a listed issuer should seek and obtain approvals for his continued appointment as an independent director prior to 1 January 2022. Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong have been subjected to the Two-Tier Vote at the last AGM held on 28 April 2021 and continue to serve on the Board as independent director and such arrangement remains valid until the earlier of (i) the retirement or resignation of the director; or (ii) the conclusion of the third (3rd) annual general meeting following such approval.

The independence of any Director who has served on the Board beyond nine (9) years from the date of his first appointment are subject to more rigorous review, taking into account the need for progressive refreshing of the Board. The Board is of the view that the independence of the Independent Directors must be based on the substance of their professionalism, integrity and objectivity, and not merely based on form such as the number of years which they have served on the Board.

The Board is of the opinion that Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong have, over time, developed significant insights in the Group’s business and operations, and can continue to provide noteworthy and valuable contribution objectively to the Board as a whole while maintaining their independence. The Board also has conducted rigorous review by examining any conflicts of interests, their review and scrutiny of matters and proposals put before the Board, their exercise of independent judgement, the effectiveness of their oversight roles as a check and balance on the acts of the Executive Director(s) and the Management, as well as their roles in enhancing and safeguarding the interests of the Company and its shareholders.

Upon review, the Board considers Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong to remain independent. With the concurrence of the NC, the Board has affirmed their independence and resolved that Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong continue to serve on the Board notwithstanding they have served on the Board beyond nine (9) years from the date of their first appointment.

CORPORATE Governance Report

Provision 2.2: Independent directors make up a majority of the Board where the Chairman is not independent.

The Company endeavours to maintain a strong and independent element on the Board. Ms Loh Pui Lai (Non-Executive Chairman) and Mr Loh Mun Yew (CEO and Executive Director) are immediate family members. As the three (3) Independent Directors on the Board forms 50% composition of the Board, this Provision 2.2 is not satisfied.

The Board is of the view that the current Board size and composition are appropriate for the time being for the facilitation of effective decision making on the part of the Board, taking into account the nature and scope of the Company's operations and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees. The Board is of the opinion that, given the scope and nature of the Group's operations, it is neither necessary nor cost-effective to have Independent Directors making up majority of the Board. The present composition of the Board demonstrates independence and is appropriate for effective decision making. To address the issue of independence, the Board has put in place a Lead Independent Director, who is available to shareholders where they have concerns. The Board is of the view that the Independent Directors demonstrate a strong level of independence and judgement over the years in discharging their duties and responsibilities as independent directors of the Company with the utmost commitment in upholding the interests of the non-controlling shareholders. They have expressed individual and independent viewpoints, debated issues, and objectively scrutinized and challenged the Management. No individual or small group of individuals dominates the Board's decision-making process. All major decisions made at the Board are unanimous and the Independent Directors have not been outvoted.

Provision 2.3: Non-executive directors make up a majority of the Board.

As at the date of this report, the Board comprises six (6) Directors, four (4) of whom are Non-Executive Directors and representing a majority of the Board.

As Ms Loh Pui Lai holds a non-executive directorship, the Chairman and all the Independent Directors make up the majority of the Board. All the Board Committees are chaired by Independent Directors and the NC is of the view that no individual or small group of individuals dominates the Board's decision-making process.

Provision 2.4: The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the company's annual report.

The Board is made up of business leaders and professionals with financial, legal, and business management backgrounds. The members of the Board with their combined business, management, professional and industry experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction.

The Board periodically examines its size to ensure that it is of an appropriate composition for effective decision-making, taking into account the scope and nature of the operations of the Group. The Board has considered the present Board size and is satisfied that the current size facilitates effective decision-making and is appropriate for the nature and scope of the Group's operations.

The Company currently does not have a formal Board Diversity Policy. However, the Company recognises the benefits of having an effective and diverse Board, and views diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and sustainable development. In reviewing the Board composition and succession planning, the NC considers the benefits of all aspects of diversity, including functional and domain skills, knowledge, experience, cultural and educational background, gender, age, tenure and other relevant aspects of diversity of perspectives appropriate to its business, so as to avoid groupthink, foster constructive debate, and enable the Board to make decisions in the best interests of the Company. These differences are considered in determining the optimum composition of the Board and when possible should be balanced appropriately. All Board appointments are based on merit, in the context of the skills, knowledge, experience and independence which the Board as a whole requires to be effective, having due regard for the benefits of diversity on the Board.

The NC is of the view that the current Board comprises persons who as a group provide capabilities required for the Board and the Board Committees to be effective. Each Director has been appointed on the strength of his calibre, experience and stature, and is expected to bring a valuable range of experience and expertise to contribute to the development of the Group's strategy and the performance of its business. Details of the Board members' qualifications and experience are presented in the section entitled "Board of Directors" of the Annual Report 2021.

With the introduction of Rule 710(A) of the Catalist Rules effective from 1 January 2022, the Board will endeavour to maintain a board diversity policy that addresses gender, skills and experience, and any other relevant aspects of diversity, and describe such policy in its Annual Report for the financial year ending 31 December 2022.

CORPORATE Governance Report

Provision 2.5: Non-executive directors and/or independent directors, led by the independent Chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.

The Independent Directors and Non-Executive Director constructively challenge and assist in the development of proposals on strategy, assist the Board in reviewing the performance of the Management in meeting agreed goals and objectives, and monitor the reporting of performance. When necessary, the Independent Directors have discussions amongst themselves without the presence of the Management.

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provision 3.1: The Chairman and the Chief Executive Officer (“CEO”) are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.

There is a clear division of responsibilities between the Non-Executive Chairman and the CEO to ensure that there is an appropriate balance of power, increased accountability and sufficient capacity of the Board for independent decision-making. The requirement of the Code that the roles of the Non-Executive Chairman and CEO be separated has therefore been met in the case of the Company.

Provision 3.2: The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.

Ms Loh Pui Lai, who is the Non-Executive Chairman of the Company, plays a vital role in setting the Company’s vision and objectives and providing guidance to the Group. The responsibilities of the Non-Executive Chairman include:

- (a) managing the business of the Board and monitoring the translation of the Board’s decisions and directions into executive actions;
- (b) approving the agendas for the Board meetings and ensuring sufficient allocation of time for thorough discussion of each agenda item;
- (c) promoting an open environment for debate, and ensuring that Independent Directors are able to speak freely and contribute effectively;
- (d) exercising control over the quality and quantity of the information as well as the timeliness of the flow of information between the Board and the Management; and
- (e) fostering constructive dialogue between shareholders, the Board and the Management.

The CEO of the Company is Mr Loh Mun Yew, who is responsible for the formulation and execution of the Group’s business strategies, strategic directions and expansion plans, as well as managing the Group’s overall business development and financial performance.

Provision 3.3: The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.

Although the Non-Executive Chairman is the sister of the CEO, the Board is of the view that there are sufficient safeguards and checks to ensure that the process of decision-making by the Board is independent and based on collective decisions without any individual or group of individuals exercising any considerable concentration of power or influence. All major decisions are made in consultation with the Board. For good corporate governance, Mr Ho Boon Chuan Wilson, the Lead Independent Director of the Company, will address the concerns of the shareholders and employees in the event that interactions with the Non-Executive Chairman, CEO or Chief Financial Officer (“CFO”) cannot satisfactorily resolve their concerns or where such

CORPORATE Governance Report

channel of communications is considered inappropriate. Where necessary, the Lead Independent Director, together with other Independent Directors, will meet without the presence of the other Directors, and the Lead Independent Director will provide feedback to the Non-Executive Chairman if necessary.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.1: The Board establishes a Nominating Committee (“NC”) to make recommendations to the Board on relevant matters relating to:

- (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;**
- (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors;**
- (c) the review of training and professional development programmes for the Board and its directors; and**
- (d) the appointment and re-appointment of directors (including alternate directors, if any).**

The NC is responsible for the following:

- (a) to make recommendations to the Board on all Board appointments, including re-nominations, having regard to the Director’s contribution and performance (for example, attendance, preparedness, participation and candour);
- (b) to determine annually whether or not a Director is independent within the meaning of the Code and the Catalist Rules;
- (c) in respect of a Director who has multiple board representations in various companies, to decide whether or not such Director is able to and has been adequately carrying out his duties as Director, having regard to the competing time commitments that are faced when serving on multiple boards;
- (d) to decide how the Board’s performance may be evaluated and propose objective performance criteria, as approved by the Board which allows for comparison with its industry peers, and to address the role of the Board in enhancing long-term shareholder value;
- (e) to review the Board succession plans for Directors;
- (f) to regularly review the Board structure, size and composition and make recommendations to the Board with regard to any adjustments that are deemed necessary;
- (g) to review the training and professional development programmes for the Board; and
- (h) to assess the performance of the Board and contribution of each Director to the effectiveness of the Board.

Directors are encouraged to attend relevant training programmes conducted by the Singapore Institute of Directors, the SGX-ST, and business and financial institutions and consultants. The costs of such training programmes are borne by the Company.

Provision 4.2: The NC comprises at least three directors, the majority of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.

The members of the NC are Mr Mak Yen-Chen Andrew (Chairman), Mr Ho Boon Chuan Wilson and Mr Tan Hwee Kiong, all of whom are Independent Directors. Mr Ho Boon Chuan Wilson is the Lead Independent Director. The NC meets at least once a year.

CORPORATE Governance Report

Provision 4.3: The company discloses the process for the selection, appointment and re-appointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the company's annual report.

The NC ensures that there is a formal and transparent process for all appointments to the Board. It has adopted written terms of reference defining its membership, administration and duties.

The NC is responsible for identifying candidates and reviewing all nominations for the appointment of new Directors. When the need for a new Director arises, the NC, in consultation with the Board, determines the selection criteria and identifies candidates with the appropriate expertise and experience for the appointment as a new Director. The potential candidates are normally being identified via personal and professional networks or using headhunters, if required. The NC then meets with the shortlisted potential candidates with the appropriate profile to assess suitability and to ensure that the candidates are aware of the expectation and the level of commitment required, before nominating the most suitable candidate to the Board for appointment as Director.

Pursuant to the Constitution, at least one-third of the Directors are required to retire from office provided that all Directors shall retire from office at least once every three (3) years at the AGM. The Constitution also provides that the retiring Directors are eligible to offer themselves for re-election.

For re-appointment of Directors to the Board, the Board takes into consideration, amongst others, the Director's integrity, competencies, independence, commitment, contribution and performance (such as attendance, preparedness, participation and candour). Each member of the NC shall abstain from voting on any resolutions relating to the assessment of his performance or his re-nomination as Director.

The NC has recommended to the Board that Ms Loh Pui Lai and Mr Leng Chee Keong be nominated for re-election at the forthcoming AGM. In making the recommendation, the NC has considered each of the said Directors' overall contributions and performance. Ms Loh Pui Lai will, upon re-election as a Director, remain as the Non-Executive Director and Chairman of the Board. Mr Leng Chee Keong will, upon re-election as a Director, remain as the COO and Executive Director of the Board. The details of the Directors seeking for re-election as required under Rule 720(5) of the Catalist Rules are set out in the "Information on Directors Seeking Re-election" section of the Annual Report 2021.

The Board provides for appointment of alternate director only in exceptional cases such as when a Director has a medical emergency. The Board takes into consideration the same criteria for selection of directors such as his qualifications, competencies and independence. Currently, the Company does not have alternate directors.

Provision 4.4: The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the company discloses the relationships and its reasons in its annual report.

The NC determines, on an annual basis, the independence of Directors. Each Independent Director is required annually to complete a checklist to confirm his independence. Further, an Independent Director shall immediately disclose to the NC any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his independent business judgement in the best interests of the Company.

For FY2021, the NC has assessed and affirmed that the Independent Directors are independent (within the meaning of the Code and the Catalist Rules). Please refer to Provision 2.1 for further details.

Provision 4.5: The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the company. The company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.

CORPORATE Governance Report

In assessing the performance of each individual Director, the NC considers whether he has multiple board representations and other principal commitments, and is able to and adequately carry out his duties as a Director notwithstanding such commitments. The NC is satisfied that sufficient time and attention to the affairs of the Company have been given by those Directors who have multiple board representations.

To address the competing time commitments that are faced when Directors serve on multiple boards, the NC has reviewed and the Board has determined that the maximum number of listed company board appointments be not more than six (6) companies. However, a Director may hold more than six (6) listed company board directorships should the NC be satisfied and is of the view that such Director is able to devote sufficient time and attention to the affairs of the Company, after taking into account his individual circumstances, contributions, responsibilities and other principal commitments. Each Director is required to declare changes in listed company directorships or other principal commitments during the year to enable the ongoing monitoring of the commitment of the Directors to the Company. Directors may consult the Chairman of the NC before accepting any appointment as director of a listed company. Currently, none of the Directors holds more than six (6) directorships in listed companies.

The key information for each Director is disclosed in his profile as set out in the section entitled "Board of Directors" of the Annual Report 2021. The dates of initial appointment and last re-election of each Director, together with his directorships in other listed companies, are set out below:

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Provision 5.1: The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.

Provision 5.2: The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors.

The NC had adopted processes for the evaluation and assessment of the Board's performance and effectiveness as a whole and the performance of individual Directors, based on performance criteria which were recommended by the NC and approved by the Board. The Board has not engaged any external facilitator in conducting the assessment of the Board's performance and the performance of individual Directors. Where relevant, the NC will consider such engagement.

CORPORATE Governance Report

For the evaluation of the Board's performance, the criteria include return on assets, return on equity and the Company's share price performance which allows the Company to make comparisons with its industry peers and are linked to long-term shareholder value. Each Board Committee's performance is evaluated by the members of the Board for their ability to carry out the terms of reference attributed to each Board Committee. The NC also takes into consideration the feedback from members of the Board or respective Board Committees on areas relating to the competencies and effectiveness of the Board and each Board Committee. The results of the overall evaluation of the Board and Board Committees by the NC including its recommendation for improvements, if any, are presented to the Board.

The assessment process involves and includes inputs from Board members, applying the performance criteria of the NC and approved by the Board. These inputs are collated and reviewed by the Chairman of the NC, who presents a summary of the overall assessment to the NC for review. Areas where the Board's performance and effectiveness could be enhanced and recommendations for improvements are then submitted to the Board for discussion and, where appropriate, approval for implementation.

The individual performance criteria for Directors include qualitative and quantitative factors such as performance of principal functions and fiduciary duties, level of participation at meetings and attendance record. The annual evaluation process for each individual Director's performance comprises three (3) parts: (a) background information concerning the Directors including their attendance records at Board and Board Committee meetings; (b) questionnaires for completion by each Director; and (c) the NC's evaluation based on certain assessment parameters. The questionnaires and the assessment parameters were recommended by the NC and approved by the Board. The completed questionnaires are then reviewed by the NC before the NC completes its evaluation of the individual Directors. When deliberating on the performance of a particular Director who is also a member of the NC, that member shall abstain from the discussions in order to avoid any conflict of interests.

The NC has assessed the performance of the Board and each Board Committee in FY2021, and is of the view that the performance of each Board Committee and the Board as a whole was satisfactory. Although two (2) of the Board members have multiple board representations, the NC is satisfied that sufficient time and attention have been given by the Directors to the Group.

The performance of individual Directors is taken into account in their re-nomination. Each member of the NC shall abstain from voting on any resolutions in respect of the assessment of his performance or his re-nomination as Director. Specific needs which arise from time to time are taken into account in any appointment of new Directors.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provision 6.1: The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on:

- (a) a framework of remuneration for the Board and key management personnel; and***
- (b) the specific remuneration packages for each director as well as for the key management personnel.***

The principal functions of the RC are as follows:

- (a) to review and recommend to the Board a general framework of remuneration for the Board and key management personnel and the specific remuneration packages and terms of employment (where applicable) for each Director, key management personnel and employees related to the Directors and substantial shareholders of the Company; and
- (b) to review all aspects of remuneration, including but not limited to Director's fees, salaries, allowances, bonuses, options, share-based incentives and awards, and benefits-in-kind.

CORPORATE Governance Report

The recommendations of the RC are submitted for endorsement by the Board. In addition, the RC performs an annual review of the remuneration of key management personnel, as well as employees related to the Directors and substantial shareholders of the Company to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scope and level of responsibilities. They also review and approve any bonuses, pay increases and/or promotion for these employees. The RC reviews the level and structure of remuneration to align with the long-term interest and risk policies of the Company in order to attract, retain and motivate the Directors and key management personnel.

Provision 6.2: The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.

The members of the RC are Mr Tan Hwee Kiong (Chairman), Mr Ho Boon Chuan Wilson and Mr Mak Yen-Chen Andrew, all of whom are Independent Directors. Each member of the RC shall abstain from voting on any resolutions in respect of his remuneration package.

Provision 6.3: The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.

The RC considers all aspects of remuneration, including but not limited to, Director's fees, salaries, allowances, bonuses, options, share-based incentives, awards and benefits-in-kind in the review of remuneration packages for the Directors and the key management personnel with an aim to be fair and to avoid rewarding poor performance, before making any recommendation to the Board.

The RC reviews the fairness and reasonableness of the termination clauses of the service agreements of Executive Directors and key management personnel to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous, with an aim to be fair and avoid rewarding poor performance. Accordingly, the RC will also review the Company's obligations arising in the event of termination of the employment of Directors and key management personnel.

Provision 6.4: The company discloses the engagement of any remuneration consultants and their independence in the company's annual report.

During FY2021, the RC did not seek any external professional advice on fixing remuneration packages for the Directors and key management personnel. Where relevant, the RC will consider such engagement and will review the suitability and independence of the external firm before engaging them.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

Provision 7.1: A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the company.

Provision 7.3: Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the company and key management personnel to successfully manage the company for the long term.

The RC recommends to the Board a framework of remuneration for the Board and key management personnel to ensure that the structure is competitive and sufficient to attract, retain and motivate key management personnel to run the Company successfully in order to maximise shareholder value. The recommendations of the RC on the remuneration of Directors and key management personnel are submitted for endorsement by the Board. The members of the RC do not participate in any decisions concerning their own remuneration. All revisions to the remuneration packages for the Directors and key management personnel are subject to the review by and approval of the Board.

To remain competitive, the Company aims to benchmark the Executive Directors and the key management personnel's compensation with that of similar performing companies, taking into consideration the individual's performance, qualification and experience.

CORPORATE Governance Report

The remuneration packages for Executive Directors take into account the performance of the Group and the individual Executive Director. Director's fees for Non-Executive Directors are based on the effort, time spent and responsibilities of the Non-Executive Directors, and are subject to approval at AGMs. In reviewing and determining the remuneration packages of the Executive Directors and the Group's key management personnel, the RC considers the Executive Directors' and key management personnel's responsibilities, skills, expertise and contribution to the Group's performance when designing their respective remuneration packages. An appropriate proportion of their remuneration is linked to individual and corporate performance and is aligned with the interests of shareholders.

The Company has entered into service agreements with Mr Loh Mun Yew (CEO and Executive Director) and Mr Leng Chee Keong (COO and Executive Director) commencing from 1 January 2011 with a supplemental agreement entered into on 1 August 2012. They are valid for an initial period of three (3) years (the "Initial Term") each and upon the expiry of the Initial Term, the employment of the said appointees shall be automatically renewed on a year-to-year basis, on such terms and conditions as the parties may mutually agree. On 1 January 2019, the RC has reviewed and revised the service agreements ("**Revised Service Agreements**") of Mr Loh Mun Yew and Mr Leng Chee Keong to align their remuneration with the Group's current structure. The Revised Service Agreements will be automatically renewed on a year-to-year basis, on such terms and conditions as the parties may mutually agree.

The remuneration packages for the Executive Directors include a fixed salary and a variable performance related bonus which is designed to align the interests of the Executive Directors with those of the shareholders of the Company. The Executive Directors do not receive Director's fees.

The remuneration packages for the key management personnel comprise a fixed component (in the form of a base/fixed salary) and a variable component (comprising short-term incentives in the form of year-end and variable bonuses).

There are no termination, retirement and post-employment benefits that may be granted to the Directors, CEO and key management personnel of the Group. The RC is of the view that it is currently not necessary to use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Directors and key management personnel in exceptional circumstances of misstatement of financial statements, or of misconduct resulting in financial loss to the Company and the Group. The Company believes that there are alternative legal avenues to these specific contractual provisions that will enable the Company to recover financial losses arising from such exceptional events from the Executive Directors and key management personnel. The RC would review such contractual provisions as and when necessary.

Provision 7.2: The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

The Independent Directors and the Non-Executive Director do not have service agreements with the Company. They are paid Director's fees, which are determined by the Board based on the effort, time spent and responsibilities of the Directors (including but not limited to their appointments to the various Board Committees). The Independent Directors are not overly remunerated to the extent that their independence may be compromised. Director's fees are further subject to the approval of shareholders of the Company at AGMs.

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provision 8.1: The company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of:

- (a) each individual director and the CEO; and***
- (b) at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel.***

Provision 8.2: The company discloses the names and remuneration of employees who are substantial shareholders of the company, or are immediate family members of a director, the CEO or a substantial shareholder of the company, and whose remuneration exceeds S\$100,000 during the year, in bands no wider than S\$100,000, in its annual report. The disclosure states clearly the employee's relationship with the relevant director or the CEO or substantial shareholder.

CORPORATE Governance Report

Provision 8.3: The company discloses in its annual report all forms of remuneration and other payments and benefits, paid by the company and its subsidiaries to directors and key management personnel of the company. It also discloses details of employee share schemes.

The breakdown, showing the level and mix of each individual Director's remuneration in FY2021 by percentage (%), is as follows:

Remuneration Band and Name of Director	Base / Fixed salary	Director's fees ⁽¹⁾	Variable or performance benefits related income / Bonus	Other benefits
<u>Between S\$400,000 and S\$599,999</u>				
Mr Loh Mun Yew	88%	–	12%	–
<u>Between S\$200,000 and S\$399,999</u>				
Mr Leng Chee Keong	85%	–	12%	3%
<u>S\$199,999 and below⁽¹⁾</u>				
Ms Loh Pui Lai ⁽²⁾	25%	75%	–	–
Mr Ho Boon Chuan Wilson	–	100%	–	–
Mr Mak Yen-Chen Andrew	–	100%	–	–
Mr Tan Hwee Kiong	–	100%	–	–

Notes:

- (1) Director's fees had been approved by the shareholders of the Company at the last AGM held on 28 April 2021.
- (2) Ms Loh Pui Lai assisted in the operations of Eden Refrigeration Manufacturing (Jiangsu) Co., Ltd in view of Mr Wong Thiam Hock's departure from the Company in January 2021 and was given an allowance for her time spent.

CORPORATE Governance Report

In accordance with Provision 8.1(b) of the Code, the Company has only four (4) key management personnel. The breakdown, showing the level and mix of each of the top four (4) key management personnel's remuneration in FY2021 by percentage (%), is as follows:

	Designation	Base / Fixed salary	Variable or performance benefits related income / Bonus	Other benefits
Remuneration Band and Name of Key Management Personnel				
<u>Between S\$200,000 and S\$399,999</u>				
Mr Chung Kong Poh Richard	Director of Research & Development	86%	11%	3%
Mr Francis Lai Kum Wai	CFO	86%	11%	3%
Mr Oh Hong Tat Ryan	Senior Director of Sales & Operations (Distribution)	87%	11%	2%
Mr Wong Thiam Hock	Sales Director (China)	91%	6%	3%

The annual aggregate remuneration accrued to the top four (4) key management personnel of the Company (who are not Directors or the CEO) for FY2021 is S\$1,127,435.

The Company has not disclosed the exact details of the remuneration of each individual Director and the top four (4) key management personnel of the Company as it is not in the best interests of the Company and Directors to disclose such details due to the sensitive nature of such information. The current management team has served the Company for a considerable period of time and it is a stable team. It is important for the Company to retain talent for the long-term interests of the Company and ensure stability and continuity of business operations with a competent management team in place. Such disclosure of remuneration of each Director and key management personnel in a highly competitive market for talents may potentially result in staff movement.

There is no employee of the Group (excluding the Executive Directors) who is a substantial shareholder of the Company, or an immediate family member of any Director, the CEO or substantial shareholders of the Company, and whose remuneration exceeded S\$100,000 during FY2021. "Immediate family member" means the spouse, child, adopted child, step-child, brother, sister, and parent of such person.

The Board is of the opinion that the information as disclosed above would be sufficient for shareholders to have an adequate appreciation of the Group's compensation policies and practices and therefore does not intend to issue a separate remuneration report, the contents of which would be largely similar.

The Company has adopted a long-term employee incentive scheme known as FEG Employee Share Option Scheme ("FEG ESOS") that was approved by shareholders at the extraordinary general meeting held on 28 April 2017, to align itself with and embrace local trends and best practices in employee compensation and retention. The FEG ESOS aims to promote higher performance goals, recognise exceptional achievement and retain talents within the Group. The FEG ESOS is administered by the RC. Please refer to the section entitled "Directors' Statement" of the Annual Report 2021 for more information on the FEG ESOS. No share option was granted pursuant to the FEG ESOS during FY2021.

CORPORATE Governance Report

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Provision 9.1: The Board determines the nature and extent of the significant risks which the company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.

The Board acknowledges that risk is inherent in business and there are commercial risks to be taken in the course of generating a return on business activities. The Board's policy is that risks should be managed within the Group's overall risk tolerance.

The Board further acknowledges that it is responsible for the overall internal controls framework, but recognises that no cost-effective internal control system will preclude all errors and irregularities, as such a system is designed to manage (rather than eliminate the risk of failure) and achieve its business objectives. Such a system can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board recognises the importance of establishing a formal Enterprise Risk Management Framework (the "**Framework**") to facilitate the governance of risks and monitoring the effectiveness of internal controls. The Management has established a set of Framework advised by its internal auditors. This Framework sets out the key risks that the Group is exposed to and the steps and measures that the Management has put in place to mitigate them. The Framework is also reviewed on a periodic basis to establish if the risks identified are still relevant and if the Group is being exposed to new risks due to the changing environments that the Group operates in.

The internal controls structure of the Group has been designed and put in place by the Management to provide reasonable assurance against material financial misstatements or loss, for the safeguarding of assets, for the maintenance of proper accounting records, for the provision of financial and other information with integrity, reliability and relevance, and in compliance with applicable laws and regulations. However, no internal controls system can provide absolute assurance in view of inherent limitations of any internal controls system against the occurrence of human and system errors, poor judgement in decision-making, losses, fraud or other irregularities.

The Management carries out regular reviews on the Group's business and operational activities to identify areas of business risks and the appropriate measures to control and mitigate these risks. All significant matters are highlighted to the Board for further discussion. The Board also works with the external auditors on their recommendations and institutes and executes relevant controls with a view to managing business risks.

The Board and AC will be responsible for (a) monitoring the Group's risks of becoming subject to, or violating, any sanctions law; and (b) ensuring timely and accurate disclosures to SGX and other relevant authorities in respect of sanctions-related risks, subject or activity. The Group currently has no exposure or nexus to sanctions-related risks, subject or activity.

The Board currently does not have a separate Board Risk Committee. The AC reviewed the adequacy and effectiveness of the Group's key internal controls that address the Group's financial, operational, compliance and information technology controls, and risk management systems, with the assistance of the internal and external auditors and the Management, who provide regular reports during the year to the AC in addition to the briefings and updates provided at the AC meetings.

Provision 9.2: The Board requires and discloses in the company's annual report that it has received assurance from:

- (a) the CEO and the Chief Financial Officer ("CFO") that the financial records have been properly maintained and the financial statements give a true and fair view of the company's operations and finances; and***
- (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the company's risk management and internal control systems.***

The CEO and the CFO have provided a letter of confirmation that for FY2021, (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (b) the Company's risk management and internal control systems are adequate and effective. Separately, the other key management personnel, including Mr David Leng, Mr Richard Chung and Mr Ryan Oh, have also provided a letter of confirmation that for FY2021, the Company's risk management and internal control systems are adequate and effective.

CORPORATE Governance Report

The internal auditor, PricewaterhouseCoopers Risk Services Pte. Ltd. (“**PwC**”), has carried out internal audit reviews of the system of internal controls, which is maintained by Management, and reported the findings to the AC. The external auditor, Ernst & Young LLP, has also, in the course of their statutory audit, gained an understanding of the key internal accounting controls assessed to be relevant to the statutory audit. In this respect, the AC has reviewed the findings of both the internal and external auditors and will ensure that the Company follows up on the auditors’ recommendations raised during the audit processes. No material internal control weakness had been raised by our internal and external auditors in the course of their audits for FY2021.

Based on the findings of the internal and external auditors, the various adequate and effective management controls put in place by and the assurance received from the Management, the Board with the concurrence of the AC, is of the opinion that there are adequate and effective controls in place within the Group addressing financial, operational, compliance and information technology controls, and risk management policies and systems to meet the needs of the Group in their current business environment. The Board will, on a continuing basis, endeavour to further enhance and improve the Company’s system of internal controls and risk management policies and systems.

Audit Committee

Principle 10: The Board has an Audit Committee (“AC”) which discharges its duties objectively.

Provision 10.1: The duties of the AC include:

- (a) **reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the company and any announcements relating to the company’s financial performance;**
- (b) **reviewing at least annually the adequacy and effectiveness of the company’s internal controls and risk management systems;**
- (c) **reviewing the assurance from the CEO and the CFO on the financial records and financial statements;**
- (d) **making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;**
- (e) **reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the company’s internal audit function; and**
- (f) **reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.**

The members of the AC have sufficient financial and/or management expertise, as assessed by the Board in its business judgement, to discharge the functions of the AC. The AC has written terms of reference and its responsibilities include, *inter alia*:

- reviewing the audit plans of the internal and external auditors of the Group and the Company, and reviewing the internal auditor’s evaluation of the adequacy of the Company’s system of internal accounting controls and the assistance given by the Group and the Company’s management to the external and internal auditors;
- reviewing the half-year and annual financial statements and the auditor’s report on the annual financial statements of the Group and the Company before their submission to the board of directors;
- meeting with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- meeting with the internal auditors and external auditors without the presence of the management at least once a year;

CORPORATE Governance Report

- reviewing legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- reviewing the cost effectiveness and the independence and objectivity of the external auditor;
- reviewing the nature and extent of non-audit services provided by the external auditor;
- reviewing the scope and results of the external audit;
- reporting actions and minutes of the AC to the board of directors with such recommendations as the AC considers appropriate;
- reviewing interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual;
- approving the internal control procedures and arrangements for all interested person transactions;
- commissioning, reviewing and discussing with the external and internal auditors, if necessary, any suspected fraud or irregularity, or suspected failure of internal controls, or suspected infringement of any relevant laws, rules or regulations;
- reviewing and ratifying transactions falling within the scope of the Catalist Rules, in particular, matters pertaining to Interested Person Transactions, and Acquisitions and Realisations as laid down in Chapters 9 and 10 respectively;
- reviewing the independence of the external auditors annually, and recommending to the Board the appointment, re-appointment or removal of the external auditors and approving the remuneration and terms of engagement of the external auditors; and
- assessing the need to obtain independent legal advice in relation to any sanctions-related risks applicable to the Group and reviewing the relevance of information in respect of sanctions-related risks, subject or activity provided to shareholders and SGX.

The AC has full access to and co-operation of the Management and has full discretion to invite any Director or key management personnel to attend its meetings, and has been given reasonable resources to enable it to discharge its functions. The AC also has explicit authority to investigate any matter within its terms of reference and is authorised to obtain independent professional advice. Each member of the AC shall abstain from voting on any resolutions in respect of matters in which he is interested.

Summary of the AC's activities

The AC met twice during the year under review. Details of members' attendance at the meetings are set out under Provision 1.5 above. The CFO, Company Secretary, internal auditors and external auditors were invited to these meetings. Other members of the Management were also invited to attend as appropriate to present reports.

The AC met once with the external auditors and once with the internal auditors, without the presence of the Management in FY2021.

The AC officially meets on a half-yearly basis, and on an as-required basis. The AC reviews the half-year and full-year results announcements, material announcements and all related disclosures to shareholders of the Company before submission to the Board for approval. In the process, the AC reviews the audit plan and audit committee report presented by the external auditors. The external auditors provide regular updates and briefings to the AC on changes or amendments to accounting standards to enable the members of the AC to keep abreast of such changes and their corresponding impact on the financial statements, if any.

CORPORATE Governance Report

The AC reviewed the key audit matters (“KAM”) presented by the external auditors and concur with the identification of the KAMs and considered the following matters for each KAM:

KAM	AC commentary of the KAM, how the matters were reviewed and what decisions were taken
Revenue Recognition on Engineering Contracts	<p>The Group’s revenue from engineering contracts were mainly contributed by M-Tech Air-Con and Security Engineering Pte Ltd (“M-Tech”). The AC acknowledges that the revenue recognition method on engineering contracts based on the Input Method requires significant judgement by the respective management teams. The judgement and estimation involved in establishing the budgeted cost, being the key estimate or judgement of the Input Method relies on the management’s experience as well as negotiation with various stakeholders. The Management has made significant improvements in its internal controls and implemented financial and operational policies to reduce its risks exposure. The Management is also in the process of implementing an ERP software, expected to go LIVE in Q3 FY2022, to further reduce the risk of error in manual tracking and improve operational efficiencies. The AC is satisfied that the Management has deployed sufficient time and resources to track the actual costs incurred on the respective projects against budgets to ensure that the revenue for engineering contracts is fairly recognized for the financials to represent a true and fair view.</p>
Expected Credit Losses for Trade Receivables and Contract Assets	<p>The AC reviews the aging of trade receivables and the allowance for expected credit losses (“ECL”) on a quarterly basis with the Management. During such reviews, the Management presents justifications to support any proposed allowance. Judgement and estimation, dependent on historical data and analysis is the key estimation involved in estimating the forward-looking rate of the ECL. The decrease in the allowance for ECL is mainly due to the net reduction in allowances made on doubtful trade receivables of the Group and the impact on contract assets mainly relating to M-Tech, resulting from the ability to carry out majority of the jobs on-site. With a system in place for regular periodic review of any long outstanding debts, including quarterly updates at Board meetings, market intelligence, close monitoring and follow up, the AC is satisfied that there are adequate measures in place to minimize significant allowances made for expected credit losses for trade receivables and contract assets. The AC is satisfied that the assumptions and estimates applied by the Management to assess the expected credit loss is regularly reviewed and reasonable.</p>
Allowance for Obsolete and Slow-Moving Inventories	<p>The AC reviews, and is updated by the Management on a quarterly basis on, the status of allowance for obsolete inventories. The increase in inventory levels in FY2021 are mainly due to the increase in buffer inventories in anticipation of supply chain disruptions. Despite the increase in inventory levels, the inventory turnover days have improved in FY2021. The AC is satisfied that the Management has put in place measures to effectively manage the inventory levels. The AC is satisfied that the inventory aging is in line with past years and adequately managed by the Management.</p>
Fair Value Measurement of Equity Instrument at Fair Value through Other Comprehensive Income	<p>The AC has reviewed the valuation report performed by the independent external valuation specialist and agrees with the approach and methodology adopted, which has not changed from the previous year. The AC also consults the external auditors on the reasonableness of the assumptions made by the valuation specialist in arriving at the valuation. The AC is satisfied with the fair value of the unquoted entity.</p>
Impairment of Investments in Subsidiaries	<p>The AC considered the approach and methodology applied to performing the annual impairment assessment as well as the indicators of impairment of investment in subsidiaries. The AC consults the external auditors on the reasonableness of any suggested impairment, and concurrently works with the Management on the future projection of the business of the subsidiaries. The AC, with the external auditors’ concurrence, is satisfied with the Management’s assumptions and estimates on the impairment of investments in subsidiaries in FY2021.</p>

The AC also reviewed the annual financial statements and discussed with the Management, the CFO and the external auditors the significant accounting policies, judgements and estimates applied by the Management in preparing the annual financial statements. Following the review and discussions, the AC then recommended the audited annual financial statements to the Board for approval.

CORPORATE Governance Report

Whistle-blowing policy

The Company has put in place a whistle-blowing policy, which provides for the mechanisms by which employees and stakeholders may, in confidence, raise concerns about possible improprieties in matters of financial reporting, misconduct or wrongdoing relating to the Company and its officers, or other matters, with the objective of ensuring that arrangements are in place for the independent investigation of such matters for appropriate follow-up action. The AC exercises the overseeing function over the administration of the whistle-blowing policy. It has a well-defined process which ensures independent investigation of issues/concerns raised and appropriate follow-up action, and provides assurance that the identity of the whistle-blower will be kept confidential and the whistle-blower will be protected from reprisal within the limits of the law for whistle blowing in good faith. The employees can email to the Chairman of Audit Committee on all matters. Details of the whistle-blowing policy and arrangements have been made available to all employees of the Group and is also made available to the public on the Company's website at www.fareastgroup.com.sg. The whistle blowing policy and procedures are reviewed by the Audit Committee from time to time to ensure that they remain relevant.

Provision 10.2: The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.

The members of the AC are Mr Ho Boon Chuan Wilson (Chairman), Mr Mak Yen-Chen Andrew and Mr Tan Hwee Kiong, all of whom are Independent Directors. They are appropriately qualified to discharge their responsibilities and functions under the terms of reference approved by the Board. The AC members have recent and relevant accounting or related financial management expertise or experience.

Provision 10.3: The AC does not comprise former partners or directors of the company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

No former partner or director of the Company's existing auditing firm is a member of the AC.

Provision 10.4: The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the company's documents, records, properties and personnel, including the AC, and has appropriate standing within the company.

The Board recognises the importance of maintaining a system of internal controls to safeguard shareholders' investments and the Company's assets. The AC approves the appointment, removal, evaluation and compensation of the internal auditors. For FY2021, the Company has outsourced its internal audit function to a qualified public accounting firm, PwC, who has unfettered access to all the Company's documents, records, properties and personnel, including access to the AC, when carrying out the internal audit reviews.

The internal audit team is headed by a partner with significant experience of leading internal audit review services for Singapore listed companies. The team supporting the partner constitutes dedicated internal controls specialists with requisite knowledge and experience. The AC reviews the adequacy, effectiveness, scope and independence of the internal audit function annually. For FY2021, the AC is satisfied that the Company has maintained an effective internal audit function that is adequately staffed and independent of the audited activities, and that the internal auditor has appropriate standing within the Company to perform its function effectively.

To ensure the adequacy of the internal audit function, the AC reviews and approves the yearly internal audit plan before the commencement of an internal audit. The AC assesses and ensures that the internal auditor meets or exceeds the standards set by recognised professional bodies including the Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The internal auditor provides adequate staff with relevant experience to conduct the internal audits.

The objective of internal audit review is to assist Management in evaluating and testing the effectiveness of internal controls that are in place. The internal audit review is conducted with a view to identifying control gaps in the current business processes, ensuring that operations are conducted within the policies and procedures laid down and identifying areas for improvements where controls can be strengthened. Internal audit reports are prepared to update the AC on the progress of all audits carried out, the recommendations accepted by Management, and to track the status of outstanding matters and remedial actions taken to date.

CORPORATE Governance Report

Provision 10.5: The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually.

The AC meets with the external auditors and internal auditors, separately, at least once a year, without the presence of the Management to review any related matters that might have arisen.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Provision 11.1: The company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.

All shareholders are treated fairly and equitably to facilitate their ownership rights. The Board recognises the importance of maintaining transparency and accountability to its shareholders. The Board's policy is that all shareholders should be informed in a comprehensive manner and on a timely basis of all material developments that impact the Group.

The Board is mindful of its obligations to provide timely disclosure of material information to shareholders of the Company and does so through:

- Annual reports issued to all shareholders of the Company. Non-shareholders may access the SGXNet for the Company's annual reports;
- Half-year and full-year announcements of its financial statements on the SGXNet;
- Other announcements on the SGXNet; and
- Press releases on major developments of the Group.

The Company encourages active shareholder participation at its general meetings. Notices of meetings are given to all shareholders together with explanatory notes or a circular on items of special business, at least fourteen (14) clear days (for ordinary resolutions) or at least twenty-one (21) clear days (for special resolutions) before the meeting.

All shareholders are entitled to attend and vote at general meetings and are afforded the opportunity to participate effectively at such meetings. All shareholders are entitled to vote in accordance with the established voting rules and procedures. The Company conducts poll voting for all resolutions tabled at the general meetings. The rules, including the voting procedures, are clearly explained by the scrutineers at such general meetings. The Constitution allows all shareholders to appoint up to two (2) proxies to attend general meetings and vote on their behalf. Further, the Company allows corporations which provide nominee or custodial services to appoint more than two (2) proxies to attend and vote on their behalf at general meetings provided that each proxy is appointed to exercise the rights attached to a different share or shares held by such corporate shareholders.

In line with the safe-distancing measures and regulations imposed by the Singapore Government to curb the further spread of COVID-19, the Company strongly encourages shareholders' participation in the forthcoming AGM for FY2021 which is to be held via electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 ("**Alternative Arrangements Order**").

For the forthcoming AGM, the notice of AGM and the accompanying Annual Report and proxy form are made available to shareholders solely by electronic means via publication on the Company's website and the SGXNet, pursuant to the Alternative Arrangements Order. Although the AGM will be conducted by electronic means, shareholders may appoint the Chairman of the AGM as their proxy to attend and vote on their behalf at that AGM if such shareholders wish to exercise their voting rights, and may submit their questions relating to the resolutions set out in the notice of the AGM in advance.

CORPORATE Governance Report

The Company has specified in the notice of AGM the detailed information on attending the AGM by electronic means, such as instructions to shareholders on how they may (i) participate to observe and/or listen to the AGM proceedings, (ii) access the Annual Report and proxy form, (iii) submit their questions in advance of the AGM electronically (e.g. via email) and (iv) vote by appointing the Chairman of the AGM as proxy and indicate how they wish to vote for or vote against (or abstain from voting on) the resolutions.

In the light of the Alternative Arrangements Order, shareholders who wish to vote at the forthcoming AGM for FY2021 must submit a proxy form to appoint the Chairman of the AGM as their proxy and indicate how they wish to vote for or vote against (or abstain from voting on) the resolutions. The detailed information regarding how shareholders may vote by appointing the Chairman of the AGM as proxy and submission of questions has been specified in the notice of AGM.

Provision 11.2: The company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are “bundled”, the company explains the reasons and material implications in the notice of meeting.

Resolutions are, as far as possible, structured separately and may be voted upon independently. Resolutions are passed at general meetings by poll. The voting results of all votes cast for, or against, each resolution and the respective percentages are then screened at the meeting and announced through SGXNet after the meeting. The Company will employ electronic polling if necessary.

Provision 11.3: All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the company's annual report.

General meetings are the main forum for communication with shareholders. The members of the Board and Board Committees are present at the general meetings, and the external auditors are also present to assist the Directors in addressing any relevant queries by shareholders about the conduct of audit as well as the preparation and content of the auditors' report. The Board welcomes the views of shareholders on matters affecting the Company. Please refer to Provision 1.5 above for further details on the Directors' attendance at general meeting held during FY2021.

Provision 11.4: The company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.

The Company's Constitution permits voting in absentia only by appointment of proxy. However, as the authentication of shareholders' identity information and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail or electronic means.

Provision 11.5: The company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management.

The Company Secretary prepares minutes of the general meetings recording substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board, Management and external auditors, if any.

In the light of the Alternative Arrangements Order, all minutes of general meetings that record substantial and relevant comments or queries from shareholders relating to the agenda and responses from the Board and the management will be prepared and made available via the Company's website and the SGXNet.

Provision 11.6: The company has a dividend policy and communicates it to shareholders.

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends are dependent on the Group's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and other factors as the Directors may deem appropriate. Notwithstanding the above, any declaration of dividends is clearly communicated to the shareholders via SGXNet. Further, the Company in line with Rule 704(23) of the Catalist Rules, expressly discloses the reason(s) in the event that the Board decides not to declare or recommend a dividend, in its financial statement announcements.

The Board is pleased to recommend a final (tax exempt one-tier) dividend of 0.18 cents per ordinary share in respect of FY2021 for the shareholders' approval at the forthcoming AGM.

CORPORATE Governance Report

Engagement with Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

Provision 12.1: The company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders.

Communication with shareholders is managed by the Board. The Company is committed to regular and proactive communication with its shareholders in line with the continuous disclosure obligations of the Company under the Catalist Rules. Pertinent information is disclosed to shareholders in a timely, fair and equitable manner. The Company does not practise selective disclosure. Price- and trade-sensitive information is first publicly released before the Company meets with any group of investors or analysts.

Pertinent information is communicated to shareholders through:

- (1) half-year and full-year results announcements which are published on the SGXNet and in press releases;
- (2) the Company's annual reports that are prepared and issued to all shareholders;
- (3) notices of and explanatory memoranda, for AGMs and extraordinary general meetings; and
- (4) press releases on major developments of the Group.

The Company communicates regularly with its shareholders and facilitates the participation of shareholders in general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Provision 12.2: The company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

Provision 12.3: The company's investor relations policy sets out the mechanism through which shareholders may contact the company with questions and through which the company may respond to such questions.

The Company does not have a formal Investor Relations Policy in place. The Group has specifically entrusted an investor relations team comprising the CEO, the COO and the CFO with the responsibility of facilitating communications with shareholders and analysts and attending to their queries or concerns. Accordingly, the Board was of the view that the current communication channels are sufficient and cost-effective.

The Board's policy is that all shareholders should be informed simultaneously in an accurate and comprehensive manner regarding all material developments that impact the Group via SGXNet on an immediate basis, in line with the Group's disclosure obligations pursuant to the Catalist Rules and the Companies Act. The Company's half-yearly financial results and annual reports are announced on the SGXNet within the stipulated period.

Shareholders of the Company receive the annual reports and notices of AGMs within the prescribed deadlines prior to the AGMs. The Board encourages shareholders' participation at the AGMs and periodically communicates with shareholders through SGXNet throughout the financial year. Similarly, shareholders receive the circulars and notices of Extraordinary General Meetings within the prescribed deadlines prior to the EGMs.

Further, the Company provides its phone number and e-mail address on the Company's website through which the Shareholders may contact the Company with questions and by which the Company may respond to such questions.

MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

Provision 13.1: The company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups.

Provision 13.2: The company discloses in its annual report its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period.

The Company recognises the importance of close collaboration with its key stakeholders such as employees, investors and media, suppliers and service providers, customers, and etc, in order to achieve sustainable business goals.

The Company has in place a process to identify its various stakeholders and understand their viewpoints as well as actively communicating with them to align the Company's expectation and goals. The Group engages with the key stakeholders through various platforms. Details of the stakeholders engaged by the Group, areas of focus, approaches to stakeholder, including frequency of engagement by type and by stakeholder group and key feedback or issues that have been raised through stakeholder engagement and can be found in the Company's Sustainability Report 2021.

Stakeholders who wish to know more about the Group including its business, industry, performance or sustainability practices can also visit the Company's website at www.fareastgroup.com.sg.

Provision 13.3: The company maintains a current corporate website to communicate and engage with stakeholders.

All material information on the performance and development of the Group and of the Company is disclosed in a timely, accurate and comprehensive manner through SGXNet and the Company's website. The Company does not practice selective disclosure of material information. All materials on the half-yearly and full year financial results are available on the Company's website. The website, which is updated regularly, contains various information on the Group and the Company which serves as an important resource for investors and all stakeholders. Stakeholders can also contact the Company through phone or e-mail, the details of which can be found on the Company's website at www.fareastgroup.com.sg.

OTHER CORPORATE GOVERNANCE MATTERS

Dealings in Securities

In line with Rule 1204(19) of the Catalist Rules, the Group has adopted and implemented policies in line with the SGX-ST's best practices in relation to the dealing of shares of the Company. The policies have been made known to Directors, key executives and any other persons as determined by the Management who may possess unpublished material price- or trade-sensitive information of the Group.

The Company has advised its Directors and key executives not to deal in the Company's shares during the period commencing one (1) month prior to the announcement of the Company's half-year and full-year results respectively and ending on the date of the announcement of the results.

The Company has reminded its Directors and officers that it is an offence under the Securities and Futures Act of Singapore for a listed issuer or its officers to deal in the listed issuer's securities as well as securities of other listed issuers when the listed issuer and its officers are in possession of unpublished material price- or trade-sensitive information in relation to those securities. Directors and officers are expected and reminded to observe insider-trading laws at all times even when dealing in securities within permitted trading periods. The Group has further reminded its Directors and officers not to deal in the Company's securities on short-term considerations.

CORPORATE Governance Report

Auditors and Audit Fees

The aggregate amount of fees paid to the Company's external auditors, Ernst & Young LLP and member firms of Ernst & Young Global, in FY2021, were S\$187,100 and S\$132,100 respectively, comprising approximately S\$288,300 audit fees and S\$30,900 non-audit fees for acting as tax agent. The AC, having reviewed such non-audit services, is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors.

The AC considered and satisfied with the adequacy of their resources, training and quality control, experience of the engagement team and the firm as a whole and quality of work carried out by the external auditor. The Group confirms that it has complied with Rule 712 and Rule 715 of the Catalist Rules in relation to its appointment of the audit firm for the Group.

Having been satisfied as to the foregoing, the AC has recommended the re-appointment of Ernst & Young LLP as external auditors at the forthcoming AGM.

Non-Sponsorship Fees

With reference to Rule 1204(21) of the Catalist Rules, there were no non-sponsor fees incurred in FY2021 paid/payable to the Company's sponsor, SAC Capital Private Limited.

Material Contracts

There were no material contracts entered into by the Company or its subsidiaries involving the interests of the CEO, any Director or controlling shareholder, either still subsisting at the end of FY2021, or if not then subsisting, entered into since the end of the previous financial year.

Interested Person Transactions

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that transactions are conducted at arm's length basis and will not be prejudicial to the interests of the Company and its minority shareholders.

The Group does not have a general mandate from shareholders for interested person transactions pursuant to Rule 920(1)(a)(i) of the Catalist Rules.

There were no interested person transactions entered into during FY2021 with a value of more than S\$100,000 each.

DIRECTORS' Statement

The directors hereby present their statement to the members together with the audited consolidated financial statements of Far East Group Limited (the “Company”) and its subsidiaries (collectively, the “Group”) and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 December 2021.

Opinion of the directors

In the opinion of the directors,

- (i) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date; and
- (ii) at the date of this statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

Directors

The directors of the Company in office at the date of this statement are:

Loh Pui Lai
Loh Mun Yew
Leng Chee Keong
Ho Boon Chuan Wilson
Mak Yen-Chen Andrew
Tan Hwee Kiong

In accordance with Regulation 104 of the Company’s Constitution, Ms Loh Pui Lai and Mr Leng Chee Keong retire and, being eligible, offer themselves for re-election.

Arrangements to enable directors to acquire shares and debentures

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures of the Company or any other body corporate.

DIRECTORS' Statement

Directors' interests in shares and debentures

The following directors, who held office at the end of the financial year, had, according to the register of directors' shareholdings required to be kept under Section 164 of the Companies Act 1967 (the "Act"), an interest in shares of the Company and related corporations (other than wholly-owned subsidiaries) as stated below:

Name of director	Direct interest		Deemed interest

Leng Chee Keong	7,439,800	7,439,800	–	–

Note:

⁽¹⁾ Universal Pte. Ltd. is an investment holding company incorporated in Singapore with an issued and paid up share capital of \$4,839,800. Universal Pte. Ltd. is a controlling shareholder of the Company.

By virtue of Section 7 of the Act, Loh Mun Yew is deemed to have an interest in the 63,855,000 shares held by the holding company, Universal Pte. Ltd., in the Company and in all its subsidiaries and the 1,260,500 shares held by the Estate of Loh Ah Peng @ Loh Ee Ming, the late father of Loh Mun Yew, in the Company, arising from his capacity as executor of his late father's will.

By virtue of Section 164(15)(a) of the Act, Loh Pui Lai is deemed to have an interest in the 6,300,000 shares held by her spouse, Cheung Wai Sum, in the Company.

Except as disclosed in this statement, no director who held office at the end of the financial year had interest in shares or debentures of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There was no change in any of the above-mentioned interests in the Company between the end of the financial year and 21 January 2022.

Options

The Company has adopted a long-term employee incentive scheme known as FEG Employee Share Option Scheme ("FEG ESOS") that was approved by shareholders at the extraordinary general meeting held on 28 April 2017, to align itself with and embrace local trends and best practices in employee compensation and retention. The FEG ESOS aims to promote higher performance goals, recognise exceptional achievement and retain talents within the Group.

DIRECTORS' Statement

Options (cont'd)

The scheme is administered by the Remuneration Committee ("RC") whose members are:

Mr Tan Hwee Kiong	(RC Chairman and Independent Non-Executive Director)
Mr Ho Boon Chuan Wilson	(Lead Independent Non-Executive Director)
Mr Mak Yen-Chen Andrew	(Independent Non-Executive Director)

Since the adoption of the FEG ESOS till the end of the financial year:

- No options have been granted;
- No options have been granted to the controlling shareholders of the Company and their associates;
- No participant has received 5% or more of the total number of options available under the FEG ESOS;
- No options have been granted to directors and employees of the holding company and its subsidiaries;
- No options that entitle the holder to participate, by virtue of the options, in any share issue of any other corporation have been granted; and
- No options have been granted at a discount.

Audit committee

The Audit Committee ("AC") carried out its functions in accordance with Section 201B(5) of the Act, including the following:

- Reviewed the audit plans of the internal and external auditors of the Group and the Company, and reviewed the internal auditor's evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the external and internal auditors;
- Reviewed the half-year and annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors;
- Met with the Company's internal and external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- Reviewed the cost effectiveness and the independence and objectivity of the external auditor;
- Reviewed the nature and extent of non-audit services provided by the external auditor;
- Recommended to the board of directors the external auditor to be nominated for re-appointment, approved the compensation of the external auditor, and reviewed the scope and results of the audit;
- Reported actions and minutes of the AC to the board of directors with such recommendations as the AC considered appropriate; and
- Reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual.

DIRECTORS' Statement

Audit committee (cont'd)

The AC, having reviewed all non-audit services provided by the external auditor to the Group, is satisfied that the nature and extent of such services would not affect the independence of the external auditor. The AC has also conducted a review of interested person transactions.

The AC convened two meetings during the year. The AC has also met with the internal and external auditors, without the presence of the Company's management, at least once a year.

Further details regarding the AC are disclosed in the Corporate Governance Report.

Auditor

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor.

INDEPENDENT Auditor's Report

To the Members of Far East Group Limited

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Far East Group Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2021, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2021 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

INDEPENDENT Auditor's Report

To the Members of Far East Group Limited

Key Audit Matters (cont'd)

Revenue recognition on engineering contracts

The Group recognised revenue from engineering contracts amounted to \$25,857,000 for the financial year ended 31 December 2021, representing 31.1% of the Group's total revenue. The Group accounts for engineering contract revenue and contract costs over time by reference to the Group's progress toward completing the performance obligations of the contract. The measure of progress is based on costs incurred to date as a proportion of estimated total contract costs.

Significant judgement is required to estimate total contract costs and remaining costs to completion which is in part contributed by the COVID-19 related regulations and restrictions in movement imposed by the government authorities in the respective countries which the Group operates. This will in turn affect the measure of contract progress; and the revenue and profit margin recognised from engineering contracts. Accordingly, we have identified this as a key audit matter.

We have performed the following audit procedures, amongst others, in response to the above-mentioned key audit matter:

- Obtained an understanding of the Group's processes and tested the controls relating to the recognition of revenue from engineering contracts;
- For material engineering contracts at year end, reviewed contractual terms and conditions and assessed the reasonableness of the key assumptions used by management in estimating the total estimated costs and costs to complete and variation order claims, taking into consideration past performance with further consideration of the current market condition;
- Evaluated management's application of the input method in determining the stage of completion of the material engineering contracts by reviewing the total estimated contract costs, including any revisions made at year end and actual costs incurred up to the reporting date;
- Tested on a sampling basis the variation order claimed and actual costs incurred against underlying documents during the year; and
- Discussed with management on potential delays in fulfilling the contracts and the impact of this on the project budgets and margins. For contracts that are expected to be loss-making, reviewed reasonableness of management's assessment of the provision for onerous contracts.

We also assessed the adequacy of the relevant notes disclosure. The related disclosures are included in Note 2.25 and Note 26 to the financial statements. The key sources of estimation uncertainty in relation to revenue from engineering contracts are disclosed in Note 3.2 to the financial statements.

INDEPENDENT Auditor's Report

To the Members of Far East Group Limited

Key Audit Matters (cont'd)

Expected credit losses for trade receivables and contract assets

As at 31 December 2021, the Group has trade receivables and contract assets from third parties amounted to \$16,240,000 and \$4,867,000, representing 13.2% and 3.9% of the total assets respectively. The credit worthiness of customers may be impacted by specific and/or macro-economic conditions, resulting in overdue trade receivables or uncertainty in recoverability of contract assets. The Group applied the simplified approach and calculated expected credit losses ("ECL") based on lifetime expected losses on all trade receivables and contract assets.

This involves significant judgement as the ECL must reflect information about past events, current conditions and forecasts of future conditions. Given the significance of the trade receivables and contract assets and significant judgement and estimations involved in the impairment assessment, we have identified this as key audit matter.

We have performed the following audit procedures, amongst others, in response to the above-mentioned key audit matter:

- Obtained an understanding of the Group's credit policies and credit assessment procedures and the controls relating to the monitoring of trade receivables and contract assets;
- Evaluated management's assumptions used in establishing the ECL impairment model through analysis of receivables ageing, review of historical credit loss experiences and consideration of data and information used by management in determining the forward-looking adjustments based on current economic condition;
- Reviewed the collectability of material and long aged trade receivables by way of obtaining evidence of receipts subsequent to the balance sheet date from the customers. For long overdue debts without subsequent collection, we discussed with management on their assessment of the ECL for these trade receivables. Where applicable, we reviewed customers' payment history and correspondences between the Group and the customers on expected settlement; and
- Obtained trade receivables confirmations for selected samples. For non-replies, we performed alternative audit procedures by checking to supporting sales and delivery documents or checking subsequent cash settlements by vouching to receipts in the form of bank advices or equivalent and bank statements.

We also assessed the adequacy of the relevant notes disclosure. The related disclosures on the ECL for trade receivables, contract assets and credit risk management process are included in Note 2.16, Note 14, Note 26(c) and Note 36 to the financial statements. The key sources of estimation uncertainty in relation to expected credit losses for trade receivables and contract assets are disclosed in Note 3.2 to the financial statements.

INDEPENDENT Auditor's Report

To the Members of Far East Group Limited

Key Audit Matters (cont'd)

Allowance for obsolete and slow-moving inventories

As at 31 December 2021, the Group's inventories amounted to \$19,363,000. The Group records its inventories at the lower of cost and net realisable value. Where necessary, allowances for inventory obsolescence are provided and write downs are made for damaged, obsolete and slow-moving inventories to adjust the carrying amount of the inventories to their net realisable values.

Management reviews the inventory ageing report to identify slow-moving and obsolete inventories and then estimates the amount of allowance based on the production plan and expected future market demand as a result of changes in current market conditions and the latest invoice prices. Significant judgement and estimation is involved in identifying the slow-moving and obsolete inventories and assessing the amounts of allowance or write down required. Given the significant judgement involved in management's assessment, the estimation of the allowance for inventory obsolescence is identified as a key audit matter.

We have performed the following audit procedures, amongst others, in response to the above-mentioned key audit matter:

- Evaluated the amount of allowance for inventory obsolescence established by reviewing the nature of the selected inventory and discussed with management their basis for the assessment on the adequacy of allowance for inventory obsolescence;
- Checked that the Group has provided for allowance for inventory obsolescence in accordance with the Group policy;
- Tested the integrity of the inventory ageing report, on a sampling basis, in order to conclude that the inventory ageing report can be relied upon for the assessment of allowance for inventory obsolescence;
- Observed and inquired management for any identified obsolete or slow-moving inventories during our stocktake observation; and
- Performed net realisable value testing on selected inventory items, considering sale of similar inventories subsequent to the financial year.

We also assessed the adequacy of the relevant notes disclosure. The related disclosures on the allowance for obsolete and slow-moving inventories assessment are included in Note 2.18 and Note 13 to the financial statements. The key sources of estimation uncertainty in relation to allowance for obsolete and slow-moving inventories are disclosed in Note 3.2 to the financial statements.

Key Audit Matters (cont'd)

Fair value measurement of equity instrument at fair value through other comprehensive income

The Group has an investment in unquoted equity security amounting to \$9,853,000 as at 31 December 2021, representing 8.0% of the Group's total assets. Management classified this equity instrument at fair value through other comprehensive income.

In determining the fair value of this equity instrument as at 31 December 2021, management has engaged an external valuation specialist. The measurement of fair value of this equity instrument entails significant estimation uncertainty and judgement given that the underlying entity is a private entity where no published trading price is available. The key assumptions adopted are the discounted pricing multiples of comparable listed companies. Therefore, we have identified this as a key audit matter.

We have performed the following audit procedures, amongst others, in response to the above-mentioned key audit matter:

- Reviewed the ownership of the unquoted equity security;
- Reviewed the valuation report provided by management;
- Assessed the independence, objectivity and competence of management's external specialist;
- Assessed the appropriateness of the comparable listed companies selected by the external valuation specialist by understanding the nature of business and principal activities of those selected companies and comparing it to the underlying company being valued, with the assistance from our internal valuation specialists; and
- Involved our internal valuation specialists to assist us in assessing the reasonableness of the discount for lack of marketability applied in the valuation.

We also assessed the adequacy of the relevant notes disclosure. The related disclosures on the fair value assessment are included in Note 2.15, Note 11 and Note 37 to the financial statements. The key sources of estimation uncertainty in relation to the fair value measurement of unquoted equity instrument are disclosed in Note 3.2 to the financial statements.

Key Audit Matters (cont'd)

Impairment of investments in subsidiaries

As at 31 December 2021, the Company has investments in subsidiaries with carrying values of \$16,370,000, representing 19.2% of the Company's total assets. The carrying amount of the investment in subsidiaries are reviewed annually by management to assess whether there are indicators of impairment and if there are such indicators, an estimate is made for the recoverable amount of the asset concerned.

For the year ended 31 December 2021, management has assessed that indicators of impairment exist for certain subsidiaries. Management has prepared cash flow forecasts for those subsidiaries with indicators of impairment to assess the recoverable amounts of the respective subsidiaries.

Significant judgement over the assumptions used in performing the forecast is required. The key assumptions adopted are the annual revenue growth rate, terminal growth rate, forecasted gross margins and discount rate. Given the materiality of the investments in subsidiaries and significant judgement and estimation involved in the impairment assessment, we have identified the impairment of investments in subsidiaries as a key audit matter.

We have performed the following audit procedures, amongst others, in response to the above-mentioned key audit matter:

- Reviewed management's assessment of indicators of impairment of the investments in subsidiaries and the methodology used by management to estimate value-in-use when indicators are present;
- Assessed the reasonableness of key assumptions such as annual revenue growth rate and forecasted gross margins used in the forecast by comparing to historical trend and the latest budget approved by management and other available information;
- Involved our internal valuation specialists to assist us in assessing the reasonableness of the discount rate and terminal growth rate used in the forecast; and
- Performed sensitivity analysis of the recoverable amount to changes in the key assumptions taking into consideration the general economic outlook.

We also assessed the adequacy of the relevant notes disclosure. The related disclosures are included in Note 2.11 and Note 9 to the financial statements. The key sources of estimation uncertainty in relation to impairment of non-financial assets are disclosed in Note 3.2 to the financial statements.

Other Information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT Auditor's Report

To the Members of Far East Group Limited

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Yong Kok Keong.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss; and
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets are recognised on the acquisition date at fair value, or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(b) Business combinations and goodwill (cont'd)

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

2.5 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

2.6 Functional and foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.6 Functional and foreign currency (cont'd)

(b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss.

2.7 Fixed assets

All fixed assets are initially recorded at cost. Subsequent to recognition, fixed assets other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land has an unlimited useful life and therefore is not depreciated.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Freehold buildings	50 years
Leasehold buildings	20 to 32 years
Plant and machinery	5 to 10 years
Motor vehicles	5 to 10 years
Renovation	3 to 10 years
Office equipment, furniture and fittings	3 to 10 years
Computers	1 to 3 years
Software	10 years

Assets under construction included in fixed assets are not depreciated as these assets are not yet available for use.

The carrying values of fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each reporting date, and adjusted prospectively, if appropriate.

An item of fixed asset is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in profit or loss in the year the asset is de-recognised.

2. Summary of significant accounting policies (cont'd)

2.8 Investment properties

Investment properties are properties that are either owned by the Group or leased under a finance lease that are held to earn rentals or for capital appreciation, or both, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business.

Investment properties are initially measured at cost, including transaction costs and subsequently carried at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is calculated using the straight-line method to allocate the depreciable amounts over the estimated useful lives of 50 years. The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted if appropriate, at the end of each reporting period. The effects of any revision are included in the profit or loss when the changes arise.

The carrying value of investment properties are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of investment properties are recognised in profit or loss in the year of retirement or disposal.

Transfers are made to investment property when, and only when, there is a change in use, evidenced by ending of owner-occupation or commencement of an operating lease to another party. Transfers are made from investment property when and only when, there is a change in use, evidenced by the commencement of owner-occupation or commencement of development with a view to sell.

2.9 Intangible assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.9 Intangible assets (cont'd)

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

Customer list

The customer list was acquired in business combinations and is amortised on a straight-line basis over its useful life of 10 years.

License

The license was issued by the Building and Construction Authority of Singapore and gives the rights to tender for government projects specifically to provide services such as installing, commissioning, maintenance and repairs of air-conditioning, refrigeration, cold rooms, cooling towers, heating and ventilation systems.

The license was acquired in business combinations and is amortised on a straight-line basis over its useful life of 3 years.

2.10 Right-of-use assets - land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated depreciation. The land use rights are depreciated on a straight-line basis over the lease term of 50 years.

2.11 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

2.12 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's balance sheet, investments in subsidiaries are accounted for at cost less impairment losses.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.13 Associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in associates using the equity method from the date on which it becomes an associate.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associates are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates. The profit or loss reflects the share of results of the operations of the associates. Distributions received from associates reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate are eliminated to the extent of the interest in the associates.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in profit or loss.

The financial statements of the associate are prepared for the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

In the Company's balance sheet, investments in associates are stated at cost less accumulated impairment.

2.14 Affiliated companies

An affiliated company is a company, not being a subsidiary, associated company or joint venture company, in which one or more of the directors or shareholders of the Company or its subsidiaries have a significant equity interest or exercise significant influence.

2. Summary of significant accounting policies (cont'd)

2.15 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Investments in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

Investments in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in other comprehensive income ("OCI"). Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.15 Financial instruments (cont'd)

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

2.16 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months ("a 12-month ECL"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default ("a lifetime ECL").

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.17 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's cash management.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.18 Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost is determined using the weighted average method. The cost of raw materials comprises cost of purchase. The cost of work-in-progress and finished goods comprises costs of direct materials, direct labour, other direct costs and a proportion of manufacturing overheads based on normal operating capacity.

Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.19 Provisions

General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.20 Government grants

Government grants are recognised as a receivable when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Government grant shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income may be presented as a credit in profit or loss, either separately or under a general heading such as "Other operating income". Alternatively, they are deducted against the related expenses.

2.21 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.16 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.22 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.23 Employee benefits

(a) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Company and subsidiaries in Singapore, Malaysia, Indonesia, Vietnam and People's Republic of China ("PRC") in the Group make contributions to the Central Provident Fund scheme in Singapore, Employees Provident Fund in Malaysia, Indonesia Social Security Program, Vietnam Social Insurance Fund and Social Pension Fund scheme in PRC respectively, which are defined contribution pension schemes. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period. Any employee leave entitlement expected to be settled beyond twelve months after the end of the reporting period is forfeited.

2.24 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(a) As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. The cost of a right-of-use asset also includes an estimate of the costs to be incurred by the Group in dismantling and removing the underlying asset, restoring the site on which the asset is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The Group incurs the obligation for those costs either at the commencement date or as a consequence of having used the underlying asset during a particular period.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.24 Leases (cont'd)

(a) As lessee (cont'd)

Right-of-use assets (cont'd)

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Leasehold land	–	31 years
Office and warehouse premises	–	2 to 6 years
Motor vehicles	–	5 to 10 years
Office equipment	–	3 to 5 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.11.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of office equipment, employee dormitory and office and warehouse premises (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

(b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

2. Summary of significant accounting policies (cont'd)

2.25 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Sale of goods

The Group manufactures and distributes air-conditioning materials, refrigeration component parts for customers.

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied.

The amount of revenue recognised is based on the estimated transaction price, which comprises the contractual price, discounts and surcharges.

At the end of each reporting date, the Group updates its assessment of the estimated transaction price, including its assessment of whether an estimate of variable consideration is constrained. The corresponding amounts are adjusted against revenue in the period in which the transaction price changes. The Group also updates its measurement of the asset for the right to recover returned goods for changes in its expectations about returned goods.

Bill-and-hold arrangements

In some bill-and-hold arrangements, even though the goods have not been delivered to the customer yet, it has satisfied its performance obligation as control of the good has been transferred to the customer, and all of the following criteria are met: the reason for the bill-and-hold arrangement is substantive, the product is identified separately as belonging to the customer, the product currently is ready for physical transfer to the customer, and the Group does not have the ability to use the good or to direct it to another customer.

(b) Project installation and maintenance services

Project installation and maintenance services relate to services provided to customers and the revenue is recognised upon rendering of service.

The amount of revenue recognised is based on the contracted transaction price, which comprises the type and value of service provided, price of goods and materials consumed or provided, discounts and surcharges.

At the end of each reporting date, the Group updates its assessment of the revenue recognised, including its assessment of whether an estimate of variable consideration is constrained. The corresponding amounts are adjusted against revenue in the period in which the transaction price changes. The Group also updates its measurement of the asset for the right to recover returned goods for changes in its expectations about returned goods.

(c) Engineering contracts revenue

The Group provides services such as installing, commissioning, maintenance and repairs of air-conditioning, refrigeration, cold rooms, cooling towers, heating and ventilation systems. The Group's engineering contracts are accounted for as a single deliverable (i.e., single performance obligation).

The Group recognises revenue from engineering contracts over time as the Group's performance does not create an asset with alternative use to the Group and it has concluded that it has an enforceable right to payment for performance completed to date.

2. Summary of significant accounting policies (cont'd)

2.25 Revenue (cont'd)

(c) Engineering contracts revenue (cont'd)

Contract revenue is recognised over time using input method, based on the total costs incurred to date as a proportion of the estimated total costs to be incurred.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified milestones. A contract asset is recognised when the Group has performed under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs under the contract.

Contract modifications

The Group accounts for contract modifications arising from change orders to modify the scope or price of the contract as separate contracts if the modification adds distinct goods or services at their standalone selling prices. For contract modifications that add distinct goods or services but not at their standalone selling prices, the Group combines the remaining consideration in the original contract with the consideration promised in the modification to create a new transaction price that is then allocated to all remaining performance obligations. For contract modifications that do not add distinct goods or services, the Group accounts for the modification as continuation of the original contract and is recognised as a cumulative adjustment to revenue at the date of modification.

(d) Interest income

Interest income is recognised using the effective interest method.

(e) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(f) Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

2.26 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2. Summary of significant accounting policies (cont'd)

2.26 Taxes (cont'd)

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

2. Summary of significant accounting policies (cont'd)

2.27 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.28 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

2.29 Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use.

Fixed assets once classified as held for sale are not depreciated.

3. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities at the end of the reporting period. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

3. Significant accounting judgements and estimates (cont'd)

3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the consolidated financial statements:

(i) Income taxes

Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the Group's regional business relationships and the nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax provisions already recorded.

The Group establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the relevant tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective Group's domicile.

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the timing and level of future taxable profits together with future tax planning strategies.

As at 31 December 2021, the carrying amounts of the Group's tax recoverable, provision for income tax, deferred tax assets and deferred tax liabilities amounted to \$212,000 (2020: \$18,000), \$626,000 (2020: \$154,000), \$644,000 (2020: \$641,000) and \$2,627,000 (2020: \$2,187,000) respectively.

(ii) Assessment of classification of unquoted investment security

The Group holds 30% equity interest in its unquoted investment security. The Group does not participate in the operating and financing decision process, fails to obtain representation on the board of directors and is unable to obtain timely or adequate financial information required to apply equity method. Based on these facts and circumstances, management concludes that the Group cannot exert a significant influence in its unquoted investment security and classifies this investment as financial instrument carried at fair value through other comprehensive income.

(iii) Determination of lease term of contracts with extension options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to extend the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise the extension. After the commencement date, the Group reassesses the lease term whether there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to extend (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

The Group included the extension option in the lease term for lease of leasehold land in alignment with the expected useful life of its leasehold building.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

3. Significant accounting judgements and estimates (cont'd)

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Impairment of non-financial assets

An impairment exists when the carrying value of an asset or cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the forecast for the next five years. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes.

As at 31 December 2021, the carrying amounts of the Company's investments in subsidiaries were \$16,370,000 (2020: \$16,210,000).

(ii) Allowance for obsolete and slow-moving inventories

When necessary, allowance is provided for obsolete and slow-moving inventories to adjust the carrying value of inventories to the lower of cost and net realisable value. Management has estimated the allowance for obsolete and slow-moving inventories based on review of an aging analysis of inventories at the end of the reporting period.

As at 31 December 2021, the carrying amounts of the Group's and the Company's inventories amounted to \$19,363,000 (2020: \$14,578,000) and \$9,391,000 (2020: \$7,665,000) respectively.

(iii) Expected credit losses for trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. For trade receivables and contract assets, the provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in Note 36 to the financial statements.

As at 31 December 2021, the carrying amounts of the Group's and the Company's trade receivables and contract assets, including balances with subsidiaries and associates amounted to \$21,922,000 (2020: \$17,948,000) and \$4,445,000 (2020: \$2,561,000) respectively.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

3. Significant accounting judgements and estimates (cont'd)

3.2 Key sources of estimation uncertainty (cont'd)

(iv) Fair value measurement of unquoted equity security

The Group has investment in unquoted equity security which is measured at FVOCI. This requires the Group to engage external valuation expert to perform the valuation.

This financial instrument is categorised as Level 3 in the fair value hierarchy where certain pricing inputs to value these instruments are unobservable. The valuation involves the application of unobservable inputs such as discount for lack of marketability used by the external valuation expert. The information about the fair value measurement is disclosed in Note 37 to the financial statements.

As at 31 December 2021, the carrying amount of the unquoted equity security amounted to \$9,853,000 (2020: \$7,651,000).

(v) Revenue from engineering contracts

Engineering contracts revenue is recognised over time by reference to the Group's progress towards completing the performance obligation in the contract. The measure of progress is based on the costs incurred to date as a proportion of total costs expected to be incurred up to the completion of the performance obligation within the contract.

Significant assumptions are required to estimate the total contract costs that will affect the stage of completion and revenue recognised. The estimates are based on the past experiences and knowledge of the project director and the quantity surveyor team.

Contract revenue comprises the initial amount of revenue agreed in the contract and variations in contract work to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

As at 31 December 2021, the carrying amounts of the Group's and the Company's contract assets arising from engineering contracts amounted to \$4,867,000 (2020: \$5,800,000) and \$303,000 (2020: \$Nil).

5. Investment property (cont'd)

Rental income amounting to \$13,000 were recognised in the income statement in respect of the investment property. The Group did not incur any direct operating expenses during the year.

The future minimum rental receivable under non-cancellable operating leases contracted for at the reporting period are as follows:

	Group

Valuation of investment property

The Group engages an external, independent and qualified valuer, Knight Frank Malaysia Sdn. Bhd., to determine the fair value of the Group's investment property. The fair value of the Group's investment property is derived using the market approach, under which the valuer considers the sales of similar or substitute properties and related market data and establishes a value estimate by adjustments made for differences in factors that affect value.

The amortisation expense is included in the “Administrative expenses” line item in profit or loss.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

6. Intangible assets (cont'd)

Impairment testing of goodwill

Goodwill acquired through business combinations have been allocated to the following cash-generating units ("CGUs") for the purpose of impairment testing. The CGUs are represented by the Group's investments in its subsidiaries. The carrying amount of goodwill allocated to each CGU is as follows:

		Group	
		2021	2020
		\$'000	\$'000
CGU A	Eden Refrigeration Manufacturing (Jiangsu) Co., Ltd	182	182
CGU B	Green Point Compressor Services & Parts Sdn. Bhd.	7	7
CGU C	M-Tech Air-Con & Security Engineering Pte Ltd	–	–
		189	189

The recoverable amounts of CGUs have been determined based on value in use calculations using cash flow projections from financial budgets approved by management covering a five-year period, except for CGU B. Management did not perform impairment testing of goodwill for CGU B as its carrying amount is considered not material.

The pre-tax discount rate applied to the cash flow projections and the forecasted growth rates used to extrapolate cash flow projections beyond the five-year period are as follows:

	Terminal growth rates (%)		Pre-tax discount rates (%)	
	2021	2020	2021	2020
CGU A	2.5	2.5	14.0	14.0
CGU C	–	1.7	–	12.0

Key assumptions used in the value in use calculations

The calculation of value in use for CGUs are most sensitive to the following assumptions:

Budgeted gross margin – Gross margin is based on average values achieved in the five years preceding the start of the budget period. This remained constant over the budget period and no major changes for the pricing are anticipated.

Growth rate – The forecasted growth rate is based on expected projects and customers of respective CGU.

Pre-tax discount rate – Discount rate represents the current market assessment of the risks, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of each CGU and derived from its weighted average cost of capital ("WACC"). The WACC takes into account both debt and equity.

Sensitivity to changes in assumptions

With regards to the assessment of value in use for CGUs, management believes that no reasonably possible changes in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

7. Right-of-use assets/Lease liabilities

As a lessee

In addition to the land use rights disclosed in Note 8, the Group and the Company have lease contracts for land, office and warehouse premises, office equipment and motor vehicles. These obligations under these leases are secured by the lessor's title to the leased assets. There are several lease contracts that include extension options which are further discussed below.

The Group also has certain leases of office equipment, employee dormitory and office and warehouse premises with lease terms of 12 months or less and leases of office equipment with low value. The Group applies the 'short-term lease' and 'leases of low-value assets' recognition exemptions for these leases.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the period:

The Group has not entered into any lease contracts which have not yet commenced as at 31 December 2021.

The Group and the Company have several lease contracts that include extension options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group and the Company's business needs. Management exercises significant judgement in determining whether these extension options are reasonably certain to be exercised (Note 3.1).

d. Impairment of investment in subsidiaries

Far East Refrigeration Vietnam Company Limited ("FERV"), PT. Far East Refrigeration Indonesia ("FERI") and Coolwerkz Engineering Limited ("Coolwerkz")

In 2020, the Company carried out a review of the recoverable amounts of its investment in FERV, FERI and Coolwerkz because these subsidiaries had been persistently making losses and were in net liabilities positions. An impairment loss of \$743,000, representing the write-down of these investments to their respective recoverable amounts was recorded.

M-Tech Air-Con & Security Engineering Pte Ltd ("M-Tech")

In 2020, the Company carried out a review of the recoverable amounts of its investment in M-Tech as there were indicators of impairment. An impairment loss of \$4,200,000, representing the write-down of this investment to its recoverable amount was recorded. The recoverable amount has been determined based on value in use calculations using cash flow projections from financial budgets approved by management covering a five-year period. The key assumptions used are disclosed in Note 6 (CGU C).

e. Acquisition of ownership interest in subsidiary, without change in control

During the financial year ended 31 December 2021, the Company acquired additional 22.9% equity interest in RSP for a cash consideration of \$160,000. As a result of this acquisition, the Company owned 80% equity interest in RSP. The carrying value of the net assets of RSP at the date of acquisition was \$297,000 and the carrying value of the additional interest acquired was \$68,000. The difference of \$92,000 between the consideration and the carrying value of additional interest acquired has been recognised as "Capital Reserve" within equity.

The following summarises the effect of the change in the Group's ownership interest in RSP on the equity attributable to owners of the Company:

26. Revenue (cont'd)

(b) Judgement and methods used in estimating revenue

Recognition of revenue from engineering contracts over time

For engineering contracts revenue where the Group satisfies its performance obligations over time, management has determined that a cost-based input method provides a faithful depiction of the Group's progress towards completing the performance obligation in the contract, as it reflects the Group's efforts incurred to date relative to the total inputs expected to be incurred for the engineering projects. The measure of progress is based on the costs incurred to date as a proportion of total costs expected to be incurred up to the completion of the engineering projects.

Project costs are estimated by the project director and the quantity surveyor team, based on contracted requirements, equipment specifications, and estimated man hours to be incurred. In making these estimates, management takes into consideration the historical trends of the amounts incurred in past similar contracts.

(c) Contract assets and liabilities

Information about contract assets and liabilities from contracts with customers is disclosed as follows:

	Group			Company		
	31 December 2021	31 December 2020	1 January 2020	31 December 2021	31 December 2020	1 January 2020
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000

Contract assets	4,867	5,800	11,002	303	–	–
Contract liabilities	3,647	1,091	1,146	764	72	253

During the financial year ended 31 December 2021, the Group and the Company recognised reversal of impairment losses on receivables from contracts with customers amounting to \$331,000 and \$55,000 (2020: impairment losses of \$1,221,000 and \$286,000) respectively.

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at reporting date for construction contracts. Contract assets are transferred to receivables when the rights become unconditional.

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances received from customers for sale of goods and project installation and maintenance services. Contract liabilities are recognised as revenue as the Group performs under the contract.

	Company	
	2021	2020
	\$'000	\$'000
Financial guarantees given to financial institutions in connection with facilities given to its subsidiaries	16,438	15,521

The fair value of the financial guarantees provided for its subsidiaries is not expected to be material as a portion of the loans and borrowings are collateralised against the subsidiaries' leasehold buildings. Further, the probability of the subsidiaries defaulting on the credit lines is remote. Accordingly, the financial guarantees have not been recognised.

36. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The Group's principal financial instruments, other than unquoted investment, comprise bank loans, trust receipts and bills payable, leases liabilities, cash and bank balances and fixed deposits. The main purpose of these financial instruments is to finance the Group's and the Company's operations. The Group and the Company have various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The key financial risks include interest rate risk, liquidity risk, foreign currency risk and credit risk. The board of directors reviews and agrees policies for the management of these risks. The Audit Committee provides independent oversight to the effectiveness of the risk management process. It is, and has been throughout the current and previous financial year, the Group's policy that no trading in derivatives for speculative purposes shall be undertaken.

There has been no change to the Group's and the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their loans and borrowings.

Information relating to the Group's interest rate exposure is also disclosed in the notes on the Group's borrowings.

Sensitivity analysis for interest rate risk

At the end of the reporting period, if interest rate had been 50 (2020: 50) basis points lower/higher with all other variables held constant, the Group's profit before tax would have been \$181,000 higher/lower (2020: loss before tax would have been \$165,000 lower/higher), arising mainly as a result of lower/higher interest expense on floating rate loans and borrowings. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

In the management of liquidity risk, the Group monitors and maintains a level of cash and bank balances deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

Short-term funding is obtained from trust receipts, overdraft and revolving credit facilities.

Analysis of financial liabilities by remaining contractual maturities

The table below summaries the maturity profile of the Group's and the Company's financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations:

Foreign currency risk

The Group operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to United States Dollar (USD) and Euro (EUR). Foreign exchange risk arises when future commercial transactions, recognised assets or liabilities, investments in foreign operations whose net assets are denominated in a currency other than the respective functional currencies of the Group entities, primarily SGD, Australian Dollar (AUD), Hong Kong Dollar (HKD), Ringgit Malaysia (RM) and Chinese Renminbi (RMB).

The Group is exposed to currency translation risk arising from its net investments in foreign operations, including Australia, Malaysia, Hong Kong and China. The Group's net investments in foreign operations are not hedged as currency positions in AUD, RM, HKD and RMB are considered to be long-term in nature.

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's profit before tax to a reasonably possible change in the USD and EUR exchange rates against the respective functional currencies of the Group entities, with all other variables held constant.

		Increase/(Decrease) in profit before tax	Decrease/(Increase) in loss before tax
		2021	2020
		\$'000	\$'000
USD/SGD	- strengthened 5% (2020: 5%)	(89)	(76)

EUR/SGD	- strengthened 5% (2020: 5%)	(281)	(221)
	- weakened 5% (2020: 5%)	281	221

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade receivables. For other financial assets (including cash and bank balances and fixed deposits), the Group and the Company minimises credit risk by dealing with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result of minimising the Group's exposure to bad debts.

With respect to credit risk arising from the other financial assets of the Group, which comprise cash and cash equivalents and other receivables (including related party balances), the Group's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

Since the Group trades only with recognised and creditworthy third parties, there is no requirement for collateral.

NOTES TO THE Financial Statements

For the financial year ended 31 December 2021

36. Financial risk management objectives and policies (cont'd)

Credit risk (cont'd)

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on financial asset to be when the counterparty fails to make contractual payments, within 90 days when they fall due, which are derived based on the Group's historical information.

To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating;
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations; and
- Actual or expected significant changes in the operating results of the borrower.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtor or the borrower;
- A breach of contract, such as a default or past due event; or
- It is becoming probable that the debtor or the borrower will enter bankruptcy or other financial reorganisation.

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 180 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where recoveries are made, these are recognised in profit or loss. The Group's historical information shows low defaulted accounts which were also substantially recovered subsequently, resulting in insignificant write-offs.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for each class of financial assets.

Credit risk (cont'd)

- (i) Trade receivables and contract assets

The Group provides lifetime expected credit losses for all trade receivables and contract assets using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance with days past due by grouping of customers based on geographical region.

The expected credit losses below also incorporate forward-looking information such as forecast of economic conditions which show the probability of defaults in the relevant industry.

Summarised below is the information about the credit risk exposure on the Group's trade receivables and contract assets using provision matrix, grouped by geographical region:

	Contract assets*	Singapore	Hong Kong/ Macau/ People's Republic of China	Malaysia	Others	Total

* Contract assets are primarily from Singapore.

Information regarding loss allowance movement of trade receivables and contract assets are disclosed in Note 14.

During the financial year, the Group wrote off \$Nil (2020: \$469,000) of trade receivables as the Group does not expect to receive future cash flows from and there are no recoveries from collection of cash flows previously written off.

Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the balance sheets.

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting period is as follows:

	Group			
	31 December 2021		31 December 2020	
	\$'000	% of total	\$'000	% of total
Singapore	7,746	48%	4,132	37%

Other countries	235	1%	195	2%
	16,240	100%	11,316	100%

* Refers to Vietnam, Myanmar and Cambodia.

At the end of the reporting period, approximately 37% (2020: 32%) of the Group's trade receivables were due from 5 (2020: 5) major customers.

As at 31 December 2021, the Company has significant concentration of credit in the amounts due from subsidiaries and associates amounting to \$5,254,000 (2020: \$4,645,000).

37. Fair value of assets and liabilities (cont'd)

(a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(b) Assets carried at fair value

(c) Level 3 fair value measurements

i. Information about significant unobservable inputs used in Level 3 fair value measurements

The following table shows the information about fair value measurements using significant unobservable inputs (Level 3):

Description	Fair value as at 31 December 2021	Valuation techniques	Unobservable inputs	Range (weighted average)
	\$'000			

Recurring fair value measurements

At FVOCI

Unquoted equity security	9,853	Market comparable approach	Discount for lack of marketability ("DLOM")	30%
--------------------------	-------	----------------------------------	---	-----

Description	Fair value as at 31 December 2020	Valuation techniques	Unobservable inputs	Range (weighted average)
	\$'000			

Recurring fair value measurements

At FVOCI

Unquoted equity security	7,651	Market comparable approach	Discount for lack of marketability ("DLOM")	30%
--------------------------	-------	----------------------------------	---	-----

A significant increase (decrease) in DLOM would result in a significantly lower (higher) fair value measurement. A change in assumption used for dividend yield may warrant a directionally opposite change in assumption for discount for lack of marketability.

The following table shows the impact on the Level 3 fair value measurement of assets that are sensitive to changes in unobservable inputs that reflect reasonably possible alternative assumptions. The positive and negative effects are approximately the same.

Effect of reasonably possible alternative assumptions Decrease/(Increase) in other comprehensive income	
2021	2020
\$'000	\$'000

Recurring fair value measurements

Financial assets at FVOCI

Unquoted equity security		
– increase DLOM by 10%	(1,000)	(1,000)
– decrease DLOM by 10%	1,000	1,000

In order to determine the effect of the above reasonably possible alternative assumption, for the unquoted equity security, the Group adjusted the DLOM by increasing and decreasing the assumption by 10%.

iii. Valuation policies and procedures

The Group's Chief Financial Officer (CFO), who is assisted by the Group Financial Controller (GFC) (collectively referred to as the "CFO office"), oversees the Group's financial reporting valuation process and is responsible for setting and documenting the Group's valuation policies and procedures. In this regard, the CFO office reports to the Group's Audit Committee.

For all significant financial reporting valuations using valuation models and significant unobservable inputs, it is the Group's policy to engage external valuation experts who possess the relevant credentials and knowledge on the subject of valuation, valuation methodologies and SFRS(I) 13 *Fair Value Measurement* guidance to perform the valuation.

For valuations performed by external valuation experts, the appropriateness of the valuation methodologies and assumptions adopted are reviewed along with the appropriateness and reliability of the inputs (including those developed internally by the Group) used in the valuations.

In selecting the appropriate valuation models and inputs to be adopted for each valuation that uses significant non-observable inputs, external valuation experts are requested to calibrate the valuation models and inputs to actual market transactions (which may include transactions entered into by the Group with third parties as appropriate) that are relevant to the valuation if such information are reasonably available. For valuations that are sensitive to the unobservable inputs used, external valuation experts are required, to the extent practicable to consider a minimum of two valuation approaches to allow for cross-checks.

Significant changes in fair value measurements from period to period are evaluated for reasonableness. Key drivers of the changes are identified and assessed for reasonableness against relevant information from independent sources, or internal sources if necessary and appropriate.

The CFO office documents and reports its analysis and results of the external valuations to the Audit Committee as and when it is required. The Audit Committee performs a high-level independent review of the valuation process and results and recommends if any revisions need to be made before presenting the results to the Board of Directors for approval.

NOTES TO THE Financial Statements

38. Capital management

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital structure is to maintain an efficient mix of debt and equity in order to achieve a low cost of capital, while taking into account the desirability of retaining financial flexibility to pursue business opportunities and adequate access to liquidity to mitigate the effect of unforeseen events on cash flows.

The management regularly reviews the Group's capital structure and makes adequate adjustments to reflect economic conditions, business strategies and future commitments. No changes were made to the objectives, policies and processes during the years ended 31 December 2021 and 31 December 2020.

The Group and the Company are required to comply with certain financial covenants as imposed by certain financial institutions with respect to banking facilities that were granted. The Group and the Company continuously monitor its compliance with these covenants. As at 31 December 2021 and 2020, the Group and the Company have complied with these covenants.

The Group monitors capital using a gearing ratio, which is loans and borrowings divided by total capital plus loans and borrowings. The Group includes within total loans and borrowings, trust receipts and bills payable (secured), leases liabilities under hire purchase and term loans (secured). Capital includes equity attributable to the owners of the Company.

39. Segment information

For management purposes, the Group is organised into business units based on their products and services, and has three reportable operating segments as follows:

- Residential and commercial (air-conditioning) segment relates to sale and distribution of air-conditioning materials which mainly comprises copper pipes, copper tubes, Class 0 and Class 1 closed cell insulation pipes and sheets, PVC trunkings, electrical wires and refrigerants.
- Commercial and light industrial (refrigeration) segment relates to sale of refrigeration component parts including compressors, condensers, condensing units, multiple compressor racks units, electronic controls, energy management solutions, service equipment and tools and the Group's range of thermal heat exchangers comprising evaporators, condensers and custom coils.
- Oil, marine and gas (refrigeration and air-conditioning) segment relates to sales and distribution of a range of air-conditioning and refrigeration systems suitable for the oil, marine and gas industry. These products include the Group's brand of heat exchangers and packaged condensing units installed onboard ships, vessels and oil rigs, which are primarily used to preserve food, other perishables and also to provide air-conditioning for the living and working spaces of the vessel's crew.

Except as indicated above, no operating segment has been aggregated to form the above reportable operating segment.

Management monitors the gross profit or loss of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on gross profit or loss only.

Assets and liabilities, as well as income and expenses (other than revenue and cost of sales) are managed on a group basis and are not allocated to operating segments.

Proposed but not recognised as a liability as at 31 December		
Dividends on ordinary shares, subject to shareholders' approval at the Annual General Meeting:		
- Final exempt (one-tier) dividend for 2021: 0.18 cents (2020: 0.18 cents) per share	201	201

41. Events after the reporting period

- i. The disposal of the fixed assets held for sale (Note 17) was completed on 23 February 2022.
- ii. On 24 February 2022, Russia invaded Ukraine (the "War"). Various economic sanctions were subsequently imposed on Russia from multiple jurisdictions as a form of disapproval of Russia's actions. This, in turn caused the prices of oil and energy costs to escalate to an all-time high and affected various costs components directly and indirectly. This War and the various retaliatory measures have heightened the uncertainty and volatility of the global economy, already facing the brunt of trade frictions, increasing commodity prices and persistent supply-chain bottlenecks attributable to the effects of the COVID-19 pandemic.

Given the dynamic nature of the aforementioned macroeconomic factors, the Group does not consider it practicable to provide a quantitative estimate of the potential impact of the War on the Group. The Group expects to be negatively impacted by the resultant surging energy cost and its wide-ranging spillover effects on our operating expenses, as well as higher market price volatility on our quoted investments.

42. Authorisation of financial statements

The financial statements for the year ended 31 December 2021 were authorised for issue in accordance with a directors' resolution dated on 8 April 2022.

NOTICE OF Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting (“**AGM**”) of FAR EAST GROUP LIMITED (the “**Company**”) will be convened and held by electronic means on Wednesday, 27 April 2022 at 11.00 a.m. (of which there will be a live webcast), for the following purposes:

AS ORDINARY BUSINESS

1. To receive and adopt the Directors’ Statement and Audited Financial Statements for the financial year ended 31 December 2021 together with the Independent Auditor’s Report thereon. **(Resolution 1)**
2. To declare a final (tax exempt one-tier) dividend of 0.18 cents per ordinary share for the financial year ended 31 December 2021 (2020: Final (tax exempt one-tier) dividend of 0.18 cents per ordinary share). **(Resolution 2)**
3. To approve the payment of Directors’ fees of \$192,000 for the financial year ending 31 December 2022, payable half-yearly in arrears (2021: \$185,600). **(Resolution 3)**
4. To re-elect Loh Pui Lai, a Director retiring pursuant to Regulation 104 of the Company’s Constitution. (see *explanatory note 1*) **(Resolution 4)**
5. To re-elect Leng Chee Keong, a Director retiring pursuant to Regulation 104 of the Company’s Constitution. (see *explanatory note 2*) **(Resolution 5)**
6. To re-appoint Ernst & Young LLP as auditor of the Company and to authorise the Directors to fix its remuneration. **(Resolution 6)**

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions (with or without amendments) as Ordinary Resolutions:

7. Authority to issue Shares

That pursuant to Section 161 of the Companies Act 1967 (“**Companies Act**”) and Rule 806 of the Listing Manual Section B: Rules of Catalist (“**Catalist Rules**”) of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”), the Directors be authorised and empowered to: **(Resolution 7)**

- (a) (i) allot and issue shares in the capital of the Company (“**Shares**”) whether by way of rights, bonus or otherwise; and/or
- (ii) make or grant offers, agreements or options (collectively, “**Instruments**”) that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may at their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

NOTICE OF Annual General Meeting

provided that:

- (1) the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) to be issued pursuant to this Resolution does not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) to be issued other than on a *pro rata* basis to shareholders of the Company does not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time this Resolution is passed, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of convertible securities;
 - (b) new Shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

Adjustments in accordance with sub-paragraphs (2)(a) and (2)(b) above are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution;

- (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), the Companies Act and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company in a general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

(see explanatory note 3)

NOTICE OF Annual General Meeting

8. **Renewal of Share Buyback Mandate**

That for the purposes of Sections 76C and 76E of the Companies Act, the Directors be authorised to buy back Shares from time to time (whether by way of market purchases or off-market purchases on an equal access scheme) of up to 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) ascertained as at the time of passing of this Resolution, at the price of up to but not exceeding the Maximum Price as set out in the following Appendix to Shareholders and this mandate shall, unless revoked or varied by the Company in a general meeting, continue in force until the date that the next AGM of the Company is held or is required by law to be held or the date when purchases and acquisitions of Shares pursuant to the Share Buyback Mandate are carried out to the full extent mandated, whichever is the earlier.

(Resolution 8)

In this Resolution:

“Maximum Price” in relation to a Share to be purchased, means an amount (excluding applicable brokerage, stamp duties, commission, goods and services tax and other related expenses) not exceeding:

- (i) in the case of a market purchase, 105% of the Average Closing Price; and
- (ii) in the case of an off-market purchase pursuant to an equal access scheme, 120% of the Highest Last Dealt Price,

where:

“Average Closing Price” means the average of the closing market prices of a Share over the last five (5) market days on which transactions in the Shares were recorded, immediately preceding the day of the market purchase and deemed to be adjusted for any corporate action that occurs during the relevant five (5) market days and the day of the market purchase;

“Highest Last Dealt Price” means the highest price transacted for a Share as recorded on the market day on which there were trades in the Shares, immediately preceding the day of the making of the offer pursuant to the off-market purchase and deemed to be adjusted for any corporate action that occurs after the relevant market day; and

“day of the making of the offer” means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price for an off-market purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the off-market purchase.

9. To transact any other business that may be properly transacted at an AGM.

Only one person will be allowed to the Live AGM Webcast per registration.
3. Members who register by the Registration Deadline but do not receive the abovementioned email instructions by 11.00 a.m. on 26 April 2022 may contact the Company’s technical support by email at FEGAGM@fareastref.com.sg for assistance.
4. Persons who hold shares of the Company through relevant intermediaries (as defined in Section 181 of the Companies Act), including investors who buy shares using SRS monies (“**SRS Investors**”), and who wish to participate in the AGM should, in addition to pre-registering online, contact their respective relevant intermediaries (which would include SRS Operators) through which they hold such shares as soon as possible in order for the necessary arrangements to be made for their participation in the AGM.

NOTICE OF Annual General Meeting

Submission of Questions in Advance:

- Please note that members will not be able to raise questions at the AGM during the Live AGM Webcast or the Live AGM Audio Feed, and therefore it is important for members to pre-register their participation in order to be able to submit their questions in advance of the AGM.**
- Members may submit questions relating to the items on the resolutions set out in the Notice of AGM in advance:
 - by post to the Company's appointed polling agent, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632; or
 - via the Registration Link.All questions must be submitted by 11.00 a.m. on 20 April 2022.
- A member who wishes to submit his questions by post or by email is required to indicate his full name (for individuals)/company name (for corporates), NRIC/passport number/company registration number, contact number, shareholding type and number of shares held together with his submission of questions, to the office address or email address provided.
- Persons who hold shares of the Company through relevant intermediaries (as defined in Section 181 of the Companies Act), including SRS Investors, can also submit their questions related to the resolutions to be tabled for approval at the AGM based on the abovementioned instructions.
- Responses to questions from members will be posted on the SGXNet and the Company's website by 11.00 a.m. on 22 April 2022 and the minutes of the AGM will be published on the SGXNet and the Company's website within one (1) month after the date of the AGM.

Submission of Proxy Forms to Vote:

- Members will not be able to vote online or through the Live AGM Webcast or the Live AGM Audio Feed on the resolutions to be tabled for approval at the AGM. Members who wish to exercise their votes must submit a proxy form to appoint the Chairman of the AGM to cast votes on their behalf.** Members (whether individual or corporate) appointing the Chairman of the AGM as proxy must give specific instructions as to his manner of voting, or abstentions from voting, in the proxy form, failing which the appointment will be treated as invalid. The Chairman of the AGM, as proxy, need not be a member of the Company. The instrument appointing a proxy or proxies must be signed by the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, it must be executed either under its common seal or signed by its attorney or officer duly authorised.
- The proxy form, duly executed together with the power of attorney or other authority, if any, under which the instrument of proxy is signed or a notarially certified copy of that power of attorney or other authority (failing previous registration with the Company), must be submitted:
 - by post to the Company's appointed polling agent, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632; or
 - by email to proxyform@fareastref.com.sg, in each case, not less than 72 hours before the time appointed for holding the AGM, i.e. by 11.00 a.m. on 24 April 2022.
- A member who wishes to submit the proxy form must download, complete and sign the proxy form, then submit by post to the address provided above, or sending it by email to the email address provided above. **Members are strongly encouraged to submit completed Proxy Forms electronically via email.**
- Investors who hold shares through relevant intermediaries (as defined in Section 181 of the Companies Act), including SRS Investors, who wish to exercise their votes by appointing the Chairman of the AGM as proxy should approach their respective relevant intermediaries (which would include SRS Operators) through which they hold such shares in order to submit their voting instructions at least seven (7) working days before the AGM (i.e. by 11.00 a.m. on 18 April 2022) in order to allow sufficient time for their respective relevant intermediaries to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by 11.00 a.m. on 24 April 2022.
- The Company shall be entitled to reject the instrument appointing the Chairman of the AGM as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the AGM as proxy (such as in the case where the appointor submits more than one instrument of proxy).
- A Depositor's name must appear on the Depository Register maintained by The Central Depository (Pte) Limited as at 72 hours before the time appointed for holding the AGM in order for the Depositor to be entitled to attend and vote at the AGM.

NOTICE OF Annual General Meeting

IMPORTANT NOTICE: Due to the evolving COVID-19 situation in Singapore, the Company may change the AGM arrangements at short notice. The Company will announce any changes to the holding or conduct of the AGM via the SGXNet. Appendix

1. INTRODUCTION

The Directors propose to seek the approval of Shareholders at the 2022 AGM for the Proposed Renewal of the Share Buyback Mandate.

The purpose of this Appendix is to provide Shareholders with the relevant information relating to, and to explain the rationale for, the Proposed Renewal of the Share Buyback Mandate.

Shareholders are advised that the SGX-ST assumes no responsibility for the contents of this Appendix, including the correctness of any of the statements or opinions made or reports contained in this Appendix.

2. THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

2.1. Background

Under the Companies Act, a company may purchase or otherwise acquire its own shares, stocks and/or preference shares if it is expressly permitted to do so by its Constitution. Regulation 15(1) of the Constitution expressly permits the Company to, *inter alia*, purchase or otherwise acquire any of its issued Shares. It is a requirement under the Companies Act that a company which wishes to purchase or otherwise acquire its own shares should obtain approval from its shareholders to do so at a general meeting of its shareholders. In this regard, Shareholders had approved the renewal of the Share Buyback Mandate at the AGM held on 28 April 2021 (the “**2021 Mandate**”). The 2021 Mandate will be expiring on 27 April 2022, being the date of the 2022 AGM.

Accordingly, approval is being sought from Shareholders for the Proposed Renewal of the Share Buyback Mandate. Upon Shareholders’ approval, the Proposed Renewal of the Share Buyback Mandate, will authorise the Directors to exercise all powers of the Company to purchase or otherwise acquire its issued Shares under the Share Buyback Mandate from the Approval Date until the date when the next AGM is held, or is required by law to be held, whichever is the earlier, whereupon it will lapse, unless it is renewed at such meeting. The authority may be revoked or varied in any general meeting of the Company held prior to the date when the next AGM is held or is required by law to be held.

2.2. Rationale

The Directors constantly seek to increase Shareholder’s value and to improve, *inter alia*, the return on equity of the Group. A Share Buyback at the appropriate price level is one of the ways through which the return on equity of the Group may be enhanced. Share Buybacks provide the Company with a mechanism to facilitate the return to Shareholders of surplus cash/funds over and above its ordinary capital requirements, and in excess of the financial and possible investment needs of the Company, in an expedient, effective and cost-efficient manner.

The Proposed Renewal of the Share Buyback Mandate will provide the Directors with greater flexibility over, *inter alia*, the Company’s share capital structure with a view to enhancing the earnings and/or NAV per Share or to maintain a pool of Shares to be deployed for future purposes as deemed appropriate by the Directors. The Directors further believe that Share Buybacks by the Company will help mitigate short term market volatility, offset the effects of short-term speculation and bolster Shareholders’ confidence.

While the Share Buyback Mandate would authorise a purchase or acquisition of Shares up to the 10% limit described in Section 3.1 below during the period referred to in Section 3.2 below, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Buyback Mandate may not be carried out to the full 10% limit as authorised and may be made only as and when the Directors consider it to be in the best interests of the Company and/or Shareholders and in circumstances which they believe will not result in any material adverse effect on the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST. The Directors will use their best endeavours to ensure that after a purchase or acquisition of Shares pursuant to the Share Buyback Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST.

Appendix

3. AUTHORITY AND LIMITS OF THE PROPOSED RENEWAL OF THE SHARE BUYBACK MANDATE

The authority and limitations placed on purchases or acquisitions of Shares by the Company under the Share Buyback Mandate are summarised below:

3.1. Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares which may be purchased or acquired pursuant to the Share Buyback Mandate is limited to that number of Shares representing not more than 10% of the total number of issued Shares of the Company as at the date of the AGM at which the Proposed Renewal of the Share Buyback Mandate is approved (the "**Approval Date**"), unless the Company has, at any time during the Relevant Period, reduced its share capital by a special resolution under Section 78C of the Companies Act, or the court has, at any time during the Relevant Period, made an order under Section 78I of the Companies Act confirming the reduction of share capital of the Company, in which event the total number of Shares shall be taken to be the total number of Shares as altered by the special resolution of the Company or the order of the court, as the case may be. Any Shares which are held as treasury shares and subsidiary holdings will be disregarded for purposes of computing the 10% limit.

For illustrative purposes only, based on the existing 111,462,000 Shares in issue as at the Latest Practicable Date and assuming no further Shares are issued on or prior to the 2022 AGM, not more than 11,146,200 Shares (representing 10% of the issued ordinary share capital of the Company as at that date) may be purchased or acquired by the Company pursuant to the Share Buyback Mandate during the period referred to in Section 3.2 below. There are no treasury shares or subsidiary holdings as at the Latest Practicable Date.

3.2. Duration of Authority

Purchases or acquisitions of Shares may be made, at any time and from time to time, on and from the Approval Date, up to the earliest of:

- (a) the date on which the next AGM is held or required by law to be held;
- (b) the date on which the Share Buybacks are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Buyback Mandate is revoked or varied by the Shareholders in a general meeting.

The Share Buyback Mandate may be renewed at each AGM or other general meetings of the Company.

3.3. Manner of Purchase or Acquisition of Shares

Purchases or acquisitions of Shares may be made by way of, amongst others:

- (a) on-market purchases ("**Market Purchases**"), transacted on the SGX-ST through the SGX-ST's trading system or through one or more duly licensed stockbrokers appointed by the Company for the purpose of the Share Buyback; and/or
- (b) off-market purchases (if effected otherwise than on the SGX-ST) in accordance with an equal access scheme(s) as may be determined or formulated by the Directors as they may consider fit, which scheme(s) shall satisfy all the conditions of the Companies Act and the Catalist Rules ("**Off-Market Purchases**").

The Directors may impose such terms and conditions which are consistent with the Share Buyback Mandate, the Catalist Rules and the Companies Act, as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme or schemes. An Off-Market Purchase must, however, satisfy all the following conditions:

- (i) offers for the purchase or acquisition of Shares shall be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;

Appendix

- (ii) all of the above-mentioned persons shall be given a reasonable opportunity to accept the offers made to them; and
- (iii) the terms of all the offers shall be the same, except that there shall be disregarded, where applicable: (1) differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements; (2) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid (if applicable); and (3) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

Pursuant to the Catalyst Rules, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it will issue an offer document to all Shareholders containing at least the following information:

- (1) the terms and conditions of the offer;
- (2) the period and procedures for acceptances;
- (3) the reasons for the purchase or acquisition of Shares;
- (4) the consequences, if any, of the purchases or acquisitions of Shares by the Company that will arise under the Take-over Code or other applicable take-over rules;
- (5) whether the purchases or acquisitions of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (6) details of any purchases or acquisitions of Shares made by the Company in the previous twelve (12) months (whether by way of Market Purchases or Off-Market Purchases), giving the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for the purchases or acquisitions of Shares, where relevant, and the total consideration paid for such purchases or acquisitions; and
- (7) whether the Shares purchased or acquired by the Company will be cancelled or kept as treasury shares.

3.4. Maximum Purchase Price

The purchase price (excluding applicable brokerage, stamp duties, commission, goods and services tax and other related expenses (“**Related Expenses**”)) to be paid for a Share will be determined by the Directors. However, the purchase price to be paid for the Shares pursuant to the purchases or acquisitions of the Shares must not exceed:

- (i) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (ii) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120% of the Highest Last Dealt Price (as defined hereinafter),

(the “**Maximum Price**”) in either case, excluding Related Expenses.

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of a Share over the last five (5) Market Days on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase and deemed to be adjusted for any corporate action that occurs during the relevant five (5) Market Days and the day of the Market Purchase;

“**Highest Last Dealt Price**” means the highest price transacted for a Share as recorded on the Market Day on which there were trades in the Shares, immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase and deemed to be adjusted for any corporate action that occurs after the relevant Market Day; and

“**day of the making of the offer**” means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from Shareholders, stating the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

Appendix

4. STATUS OF THE PURCHASED OR ACQUIRED SHARES

The Shares purchased or acquired by the Company may be cancelled or kept as treasury shares.

4.1. Cancellation

Any Share purchased or acquired by the Company is deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Share will expire on such cancellation) unless such Share is held by the Company as a treasury share. Accordingly, the total number of issued Shares will be diminished by the number of Shares purchased or acquired by the Company and which are not held as treasury shares.

Any Shares purchased or acquired by the Company and cancelled will be automatically delisted by the SGX-ST. Certificates in respect of purchased or acquired Shares that are cancelled by the Company will be cancelled by the Company as soon as reasonably practicable following settlement of any purchase or acquisition of such Shares.

At the time of each purchase or acquisition of Shares by the Company, the Directors will decide whether the Shares purchased or acquired will be cancelled or kept as treasury shares, or partly cancelled and partly kept as treasury shares, depending on the needs of the Company and as the Directors deem fit in the interests of the Company at that time.

4.2. Treasury Shares

Under the Companies Act, Shares purchased or acquired by the Company may be held or dealt with as treasury shares. Some of the provisions on treasury shares under the Companies Act are summarised below:

(a) Maximum Holdings

The number of Shares held as treasury shares cannot at any time exceed 10% of the total number of issued Shares. Any Shares in excess of the 10% limit shall be disposed of or cancelled in accordance with Section 76K of the Companies Act within six (6) months or such further periods as the Registrar may allow.

(b) Voting and Other Rights

The Company cannot exercise any right in respect of treasury shares and any purported exercise of such right is void. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Companies Act, the Company shall be treated as having no right to vote and the treasury shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of treasury shares. However, the allotment of Shares as fully paid bonus Shares in respect of treasury shares is allowed. Also, a subdivision or consolidation of any treasury share into treasury shares of a smaller amount is allowed so long as the total value of the treasury shares after the subdivision or consolidation is the same as before.

(c) Disposal and Cancellation

Where Shares are held as treasury shares, the Company may at any time (but subject always to the Take-over Code):

- (i) sell the treasury shares (or any of them) for cash;
- (ii) transfer the treasury shares (or any of them) for the purposes of or pursuant to an employees' share scheme;
- (iii) transfer the treasury shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;

Appendix

- (iv) cancel the treasury shares (or any of them); or
- (v) sell, transfer or otherwise use the treasury shares for such other purposes as may be prescribed by the Minister for Finance.

Under the Catalist Rules, an immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares (in each case, the “usage”). Such announcement must include details such as the date of the usage, the purpose of the usage, the number of treasury shares comprised in the usage, the number of treasury shares before and after the usage and the percentage of the number of treasury shares comprised in the usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the usage and the value of the treasury shares comprised in the usage.

5. REPORTING REQUIREMENTS

Within thirty (30) days of the passing of a Shareholders’ resolution to approve the Proposed Renewal of the Share Buyback Mandate by the Company, the Company shall lodge a copy of such resolution with the Registrar.

The Company shall notify the Registrar within thirty (30) days of a purchase or acquisition of Shares on the SGX-ST or otherwise. Such notification shall include, *inter alia*, the date of the purchase or acquisition, the number of Shares purchased or acquired by the Company, the number of Shares cancelled, the number of Shares held as treasury shares, the Company’s issued ordinary share capital before and after the purchase or acquisition of Shares, and the amount of consideration paid by the Company for the purchase or acquisition, whether the Shares were purchased out of profits or capital of the Company and such other particulars as may be required in the prescribed form.

Within thirty (30) days of the cancellation or disposal of treasury shares in accordance with the provisions of the Companies Act, the Directors shall lodge with the Registrar the notice of cancellation or disposal of treasury shares in the prescribed form as required by the Registrar.

6. SOURCE OF FUNDS FOR THE SHARE BUYBACK

The Companies Act permits the Company to purchase or acquire its own Shares out of capital or profits so long as the Company is solvent. Payments could be made from capital or profits so long as the Company is solvent (as defined in Section 76F(4) of the Companies Act).

In the event the Shares which are purchased or acquired by the Company are cancelled immediately on purchase or acquisition (as opposed to being held as treasury shares to the extent permitted under the Companies Act), the Company shall:

- (a) reduce the amount of its share capital where the Shares were purchased or acquired out of capital of the Company;
- (b) reduce the amount of profits where the Shares were purchased or acquired out of the profits of the Company; or
- (c) reduce the amount of its share capital and profits proportionately where the Shares were purchased or acquired out of both capital and profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares cancelled.

The Company will use internal resources or external borrowings or a combination of both to fund purchases or acquisitions of Shares pursuant to the Proposed Renewal of the Share Buyback Mandate. In considering the use of external funding, the Company will take into consideration the availability of external financing and the resulting impact on the prevailing gearing level of the Company and the Group. The Company will only exercise the Share Buyback Mandate in the interest of the Company and the Group without causing adverse financial impact to the Company and the Group. In particular, the Company will have regard to any relevant financial covenants which are applicable to the Company and/or the Group under any agreements for banking and credit facilities which may be granted by a financial

Appendix

institution to the Company and/or the Group from time to time. The Company will not effect any Share Buyback if such purchases or acquisitions would result in any breaches of the relevant financial covenants. The Company will also not propose to exercise the Share Buyback Mandate in such a manner and to such an extent that the liquidity and capital adequacy position of the Company and the Group would be materially adversely affected.

7. FINANCIAL EFFECTS OF THE SHARE BUYBACK MANDATE

The actual impact on the financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the Share Buyback Mandate will depend on, *inter alia*, the exact number of Shares purchased or acquired, the purchase price paid at the relevant time of purchase, how the purchase or acquisition is funded, whether the Shares are purchased or acquired out of profits and/or capital of the Company or the Group, whether the Shares purchased or acquired are held in treasury or immediately cancelled on purchase or acquisition as well as how the Shares held in treasury are subsequently dealt with by the Company in accordance with Section 76K of the Companies Act.

7.1. Purchase or Acquisition out of Capital or Profits

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (after deducting the Related Expenses) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount of distributable profits available for cash dividends by the Company will not be reduced.

7.2. Number of Shares Acquired or Purchased

Based on 111,462,000 Shares in issue as at the Latest Practicable Date, and assuming no further Shares are issued and no Shares are held by the Company as treasury shares on or prior to the 2022 AGM, the exercise in full of the Share Buyback Mandate will result in the purchase or acquisition of 11,146,200 Shares, representing 10% of the total issued share capital of the Company.

7.3. Maximum Price to be Paid for the Share Buybacks

For illustrative purposes only:

- (a) In the case of a Market Purchase by the Company and assuming that the Company purchases or acquires the 11,146,200 Shares at the Maximum Price of S\$0.115 (rounded to three (3) decimal places) for one (1) Share (being 105% of the Average Closing Price of a Share immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 11,146,200 Shares is approximately S\$1,282,000 (excluding Related Expenses).
- (b) In the case of an Off-Market Purchase by the Company and assuming that the Company purchases or acquires the 11,146,200 Shares at the Maximum Price of S\$0.142 (rounded to three (3) decimal places) for one (1) Share (being 120% of the Highest Last Dealt Price of a Share immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 11,146,200 Shares is approximately S\$1,583,000 (excluding Related Expenses).

7.4. Illustrative Financial Effects

For illustrative purposes only, the financial effects of the Share Buyback Mandate on the Company and the Group, based on the audited financial statements of the Company and the Group for the financial year ended 31 December 2021 and are based on the following assumptions:

- (a) the purchase or acquisition of Shares took place at the beginning of the financial year on 1 January 2021;
- (b) the purchase or acquisition of Shares was financed by internal sources of funds of the Company; and
- (c) the Relevant Expenses incurred for the purchase or acquisition of Shares pursuant to the Share Buyback Mandate were insignificant and have been ignored for the purpose of computing the financial effects.

Notes:

- (1) Total shareholders' equity does not include non-controlling interests.
- (2) EPS represents the ratio of losses attributable to Shareholders to the weighted average number of Shares.
- (3) NAV per Share represents the ratio of total shareholders' equity to the number of issued Shares (exclude treasury shares).
- (4) Gearing ratio represents the ratio of total borrowings to total shareholders' equity plus total borrowings.
- (5) Current ratio represents the ratio of current assets to current liabilities.

Shareholders should note that the financial effects set out above are based on the abovementioned assumptions and are purely for illustrative purposes only. In particular, it is important to note that it is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions that may be made pursuant to the Share Buyback Mandate on the NAV per Share and EPS as the resultant effect would depend on the factors such as the aggregate number of Shares purchased, the purchase price paid at the relevant time, and the amount (if any) borrowed by the Company to fund the purchases or acquisitions. Although the Share Buyback Mandate would authorise the Company to purchase or acquire up to 10% of the issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or

Appendix

acquire the entire 10% of the issued Shares. In addition, the Company may cancel all or part of the Shares purchased or hold all or part of the Shares purchased in treasury. The above analysis is based on historical figures for the financial year ended 31 December 2021 and is not necessary representative of the Company's or the Group's future financial performance.

The Directors would emphasise that they do not propose to carry out purchases or acquisitions of Shares to such an extent that would, or in circumstances that might, result in a material adverse effect on the financial position of the Company or the Group, or results in the Company being delisted from the SGX-ST. The Company will take into account both financial and non-financial factors (for example, share market conditions and the performance of the Shares) in assessing the relative impact of purchases or acquisitions of Shares before execution.

8. OBLIGATIONS UNDER THE TAKE-OVER CODE

Appendix 2 of the Take-over Code contains the Share Buyback Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below:

8.1. Obligation to Make a Take-Over Offer

Under Rule 14 of the Take-over Code, a Shareholder and persons acting in concert with the Shareholder will incur an obligation to make a mandatory takeover offer if, *inter alia*, he and persons acting in concert with him increase their voting rights in the Company to 30% or more or, if they, together holding between 30% and 50% of the Company's voting rights, increase their voting rights in the Company by more than 1% in any period of six (6) months.

If, as a result of any purchase or acquisition by the Company of its Shares, a Shareholder's proportionate interest in the voting capital of the Company increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. If such increase results in a change of effective control, or, as a result of such increase, a Shareholder or group of Shareholders acting in concert obtains or consolidates effective control of the Company, such Shareholder or group of Shareholders acting in concert could become obliged to make a mandatory take-over offer for the Company under Rule 14 of the Take-over Code.

8.2. Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), cooperate, through the acquisition by any of them of shares in a company, to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons will, *inter alia*, be presumed to be acting in concert:

- (a) a company with any of its directors (together with their close relatives, related trusts as well as companies controlled by any of the directors, their close relatives and related trusts);
- (b) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the above companies, any company whose associated companies include any of the above companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above companies for the purchase of voting rights. For this purpose, a company is an associated company of another company if the second company owns or controls at least 20% but not more than 50% of the voting rights of the first-mentioned company;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis;
- (e) a financial or other professional adviser, including a stockbroker, with its clients in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholding of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;

Appendix

- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer where they have reason to believe a *bona fide* offer for their company may be imminent;
- (g) partners; and
- (h) an individual with his close relatives, his related trusts, and any person who is accustomed to act according to his instructions and companies controlled by any of the above, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the above persons and/or entities for the purchase of voting rights.

The circumstances under which Shareholders of the Company (including Directors of the Company) and persons acting in concert with them respectively will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

8.3. Effect of Rule 14 and Appendix 2 of the Take-Over Code

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors of the Company and persons acting in concert with them will incur an obligation to make a take-over offer for the Company under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or if the voting rights of such Directors and their concert parties fall between 30% and 50% of the Company's voting rights, the voting rights of such Directors and their concert parties would increase by more than 1% in any period of six (6) months.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors of the Company will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares, the voting rights of such Shareholder in the Company would increase to 30% or more, or, if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months. Such Shareholder need not abstain from voting in respect of the resolution authorising the Proposed Renewal of the Share Buyback Mandate.

However, Shareholders will be subject to the provisions of Rule 14 of the Take-over Code if they acquire Shares after the purchase or acquisition of Shares by the Company. For this purpose, an increase in the percentage of voting rights as a result of the purchase or acquisition of Shares by the Company will be taken into account in determining whether a Shareholder and persons acting in concert with him have increased their voting rights by more than 1% in any period of six (6) months.

Shareholders (including Directors) and their concert parties who hold more than 50% of the Company's voting rights are under no obligation to make a take-over offer if the voting rights of such Shareholders and their concert parties were to increase as a result of the Company purchasing or acquiring Shares.

The statements in this Appendix do not purport to be a comprehensive or exhaustive description of all implications that may arise under the Take-over Code. Shareholders are advised to consult their professional advisers and/or the Securities Industry Council at the earliest opportunity as to whether an obligation to make a takeover offer under the Take-over Code would arise by reason of any purchases or acquisitions of Shares by the Company.

8.4. Applicability of Rule 14 and Appendix 2 of the Take-Over Code

Based on the interests of the Directors and the Substantial Shareholders in the Shares as at the Latest Practicable Date as recorded in the Register of Directors' Shareholding and the Register of Substantial Shareholding as set out in Section 12 below, none of the Substantial Shareholders would become obliged to make a take-over offer under Rule 14 of the Take-over Code as a result of the purchase or acquisition by the Company of the maximum limit of 10% of its issued Shares.

Appendix

9. OBLIGATIONS UNDER THE CATALIST RULES

9.1. Catalyst Rules

The Catalyst Rules specifies that a listed company shall announce all purchases or acquisitions of its shares to the SGX-ST not later than 9.00 a.m., (a) in the case of a Market Purchase, on the Market Day following the day of purchase or acquisition of any of its shares and (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptances of the offer. Such announcement (which must be in the form of Appendix 8D to the Catalyst Rules) currently requires the inclusion of details of, *inter alia*, the total number of shares purchased or acquired, the purchase price per share or the highest and lowest prices paid for such shares, as applicable, the number of shares cancelled, the number of shares held as treasury shares, the number of shares purchased or acquired as at the date of announcement (on a cumulative basis), the number of issued shares excluding treasury shares and the number of treasury shares held after the purchase or acquisition.

9.2. Suspension of Share Buyback

While the Catalyst Rules does not expressly prohibit any purchase or acquisition of shares by a listed company during any particular time or times, because the listed company would be regarded as an “insider” in relation to any purchase or acquisition of its issued shares, the Company will not undertake any purchase or acquisition of Shares pursuant to the Share Buyback Mandate at any time after a price sensitive development has occurred or has been the subject of a decision until the price sensitive information has been publicly announced. In particular, in line with the best practices on securities dealings stipulated in the Catalyst Rules, the Company will not deal in the Shares during the period commencing one (1) month before the announcement of the Company’s half-yearly and full year financial statements of its financial year, and ending on the date of announcement of the relevant results.

9.3. Listing Status on the SGX-ST

The Company does not have any individual shareholding limit or foreign shareholding limit. The Catalyst Rules requires a listed company to ensure that at least 10% of the total number of issued shares (excluding preference shares, convertible equity securities, treasury shares and subsidiary holdings) in a class that is listed must be held by public Shareholders. Where such percentage falls below 10%, the SGX-ST may at any time suspend trading of the shares of the listed company. The term “**public**”, as defined under the Catalyst Rules, are persons other than (i) the Directors, chief executive officer, Substantial Shareholders or Controlling Shareholder of the Company and its subsidiaries; and (ii) Associates of the persons in (i).

As at the Latest Practicable Date, 27,609,800 issued Shares, representing approximately 24.77% of the issued Shares are held by public Shareholders. For illustrative purposes only, assuming the Company exercises the Share Buyback Mandate in full and purchases 10% of the issued ordinary share capital of the Company through Market Purchases from the public, the public float would be reduced to 16,463,600 issued Shares, representing approximately 16.41% of the issued ordinary share capital of the Company.

The Directors will use their best efforts to ensure that the Company does not effect a purchase or acquisition of Shares if the purchase or acquisition of Shares would result in the number of Shares remaining in the hands of the public falling to such a level as to cause market illiquidity or adversely affect the listing status of the Company. Before deciding to effect a purchase of Shares, the Directors will ensure that, notwithstanding such purchase, a sufficient float in the hands of the public will be maintained to provide for an orderly market for trading in the Shares.

10. TAX IMPLICATIONS

Shareholders who are in doubt as to their respective tax positions or the tax implications of a Share Buyback or who may be subject to tax, whether in or outside Singapore, should consult their own professional advisers.

Appendix

11. PREVIOUS SHARE BUYBACKS

The Company has not made any Share Buybacks in the twelve (12) months preceding the Latest Practicable Date.

12. INTERESTS OF DIRECTORS AND SUBSTANTIAL SHAREHOLDERS

As at the Latest Practicable Date, the interests of the Directors and Substantial Shareholders in the Shares, based on the Register of Directors' Shareholding and the Register of Substantial Shareholding, respectively, are as follows:

	Direct Interest		Deemed Interest	
	Number of Shares	%	Number of Shares	%
Directors				
Loh Pui Lai ^{(a)(d)}	–	–	6,300,000	5.65
Loh Mun Yew ^{(a)(b)}	2,423,900	2.17	65,115,500	58.42
Leng Chee Keong	7,439,800	6.67	–	–
Ho Boon Chuan Wilson	–	–	–	–
Mak Yen-Chen Andrew	–	–	–	–
Tan Hwee Kiong	–	–	–	–
Substantial Shareholders (other than Directors)				
Universal Pte. Ltd. ^(c)	63,855,000	57.29	–	–
Cheung Wai Sum ^{(a)(d)}	6,300,000	5.65	–	–

Notes:

- (a) Loh Mun Yew and Loh Pui Lai are siblings and Loh Pui Lai is the spouse of Cheung Wai Sum.
- (b) Loh Mun Yew is deemed to have an interest in the 63,855,000 Shares, held by Universal Pte. Ltd. by virtue of Section 7 of the Companies Act, and the 1,260,500 Shares held by the Estate of Loh Ah Peng @ Loh Ee Ming arising from his capacity as executor of his late father's will, by virtue of Section 7 of the Companies Act.
- (c) Universal Pte. Ltd. is an investment holding company incorporated in Singapore and its 63,855,000 Shares in the Company are held through a nominee, UOB Kay Hian Private Limited. The shareholders are Loh Mun Yew, Loh Pui Lai, Lum Soo Mooi (parent of Loh Mun Yew and Loh Pui Lai) and Loh Pui Pui (daughter of Lum Soo Mooi, and sibling of Loh Mun Yew and Loh Pui Lai) with shareholding interest of 43.69%, 18.82%, 18.47% and 19.02%, respectively. The directors of Universal Pte. Ltd. are Loh Mun Yew, Loh Pui Pui and Lum Soo Mooi.
- (d) Loh Pui Lai is deemed to have an interest in the 6,300,000 Shares held by her spouse, Cheung Wai Sum, by virtue of Section 164(15)(a) of the Companies Act.

13. DIRECTORS' RECOMMENDATIONS

Having fully considered the rationale, the benefit and the information relating to the Proposed Renewal of the Share Buyback Mandate, the Directors are of the opinion that the Proposed Renewal of the Share Buyback Mandate is in the best interests of the Company. Accordingly, they recommend that Shareholders vote in favour of ordinary resolution in respect of the Proposed Renewal of the Share Buyback Mandate at the 2022 AGM.

Appendix

14. ACTION TO BE TAKEN BY SHAREHOLDERS

14.1 Alternative Arrangements of AGM

In view of the evolving Covid-19 situation, Shareholders will not be able to attend the 2022 AGM in person.

Instead, alternative arrangements have been put in place to allow Shareholders to participate at the 2022 AGM by (a) watching or listening to the 2022 AGM proceedings via live webcast, (b) submitting questions in advance of the 2022 AGM, and/or (c) voting by proxy at the 2022 AGM. Shareholders should refer to the Notice of AGM for further information on the alternative arrangements.

14.2. When Depositor Regarded as Shareholder

A Depositor shall not be regarded as a Shareholder entitled to attend the 2022 AGM and to vote thereof unless his name appears on the Depository Register at least seventy-two (72) hours before the 2022 AGM.

15. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors collectively and individually accept full responsibility for the accuracy of the information contained in this Appendix and confirm after making all reasonable enquiries that, to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the Proposed Renewal of the Share Buyback Mandate, and the Group, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading. Where information in the Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in the Appendix in its proper form and context.

16. DOCUMENTS FOR INSPECTION

Notes:

1. If the member has shares entered against his name in the Depository Register, he should insert that number of shares. If the member has shares registered in his name in the Register of Members, he should insert that number of shares. If the member has shares entered against his name in the Depository Register and registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this instrument of proxy will be deemed to relate to all the shares held by the member.
2. Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the AGM in person. A member (whether individual or corporate) must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM. Where a member (whether individual or corporate) appoints the Chairman of the AGM as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the AGM as proxy for that resolution will be treated as invalid.
3. The Chairman of the AGM, being a proxy, need not be a member of the Company.
4. This instrument appointing a proxy or proxies, duly executed, must be submitted (a) by post to the Company's appointed polling agent, Boardroom Corporate & Advisory Services Pte Ltd, at 1 Harbourfront Avenue, #14-07 Keppel Bay Tower, Singapore 098632; or (b) by email to proxyform@fareastref.com.sg, in each case, not less than 72 hours before the time appointed for holding the AGM. In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.
5. This instrument appointing a proxy or proxies must be signed by the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, it must be executed either under its common seal or signed by its attorney or officer duly authorised.
6. Where this instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the power of attorney or a notarially certified copy thereof (failing previous registration with the Company) must be lodged with this instrument of proxy, failing which this instrument of proxy may be treated as invalid.
7. A corporation which is a member may authorise by a resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM in accordance with Section 179 of the Companies Act of Singapore.
8. Investors who hold shares through relevant intermediaries as defined in Section 181 of the Companies Act of Singapore, including investors under the Supplementary Retirement Scheme ("**SRS Investors**"), who wish to exercise their votes by appointing the Chairman of the AGM as proxy should approach their respective relevant intermediaries, including SRS Operators, to submit their voting instructions at least seven (7) working days before the AGM (i.e. by 11.00 a.m. on 20 April 2022) in order to allow sufficient time for their respective relevant intermediaries to in turn submit a proxy form to appoint the Chairman of the AGM to vote on their behalf by the cut-off date.
9. The Company shall be entitled to reject this instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in this instrument appointing a proxy or proxies (including any related attachment). In addition, in the case of a member whose shares are entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy:

By submitting this instrument appointing a proxy(ies) and/or representative(s), the member is deemed to have accepted and agreed to the personal data privacy terms set out in the notice of AGM of the Company dated 12 April 2022.
